Hillman,2024-06-06 According to Communist Party discourse China s New Era began when Xi Jinping was anointed Party boss in 2012 The shape of this New Era became eminently clear in 2023 when Xi commenced his third five year term as General Secretary of the Party a fortification of one man authoritarian rule unprecedented in post Mao China Under Xi the Party has expanded its influence over government the economy and society The Party State is now more Party than State The year 2023 saw other new eras for China as well Despite initial optimism sparked by the end of COVID 19 restrictions in late 2022 the Chinese economy in 2023 was buffeted by continuing property sector woes record unemployment and an unfolding local government debt crisis Globally China adopted a series of new and ambitious diplomatic initiatives to woo the Global South and amplify its voice on the world stage The China Story Yearbook 2023 China s New Era provides informed

perspectives on these and other important stories that will resonate for years to come Seduced by Mrs. Robinson Beverly Gray,2017-11-07 An Amazon Best Book of the Month Gray writes smartly and insightfully The book as a whole offers a fascinating look at how this movie tells a timeless story The Washington Post Mrs Robinson you re trying to seduce me Aren t you When The Graduate premiered in December 1967 its filmmakers had only modest expectations for what seemed to be a small sexy art house comedy adapted from an obscure first novel by an eccentric twenty four year old There was little indication that this offbeat story a young man just out of college has an affair with one of his parents friends and then runs off with her daughter would turn out to be a monster hit with an extended run in theaters and seven Academy Award nominations The film catapulted an unknown actor Dustin Hoffman to stardom with a role that is now permanently engraved in our collective memory While turning the word plastics into shorthand for soulless work and a corporate consumer culture The Graduate sparked a national debate about what was starting to be called the generation gap Now in time for this iconic film s fiftieth birthday author Beverly Gray offers up a smart close reading of the film itself as well as vivid never before revealed details from behind the scenes of the production including all the drama and decision making of the cast and crew For movie buffs and pop culture fanatics Seduced by Mrs Robinson brings to light The Graduate s huge influence on the future of filmmaking And it explores how this unconventional movie rocked the late sixties world both reflecting and changing the era s views of sex work and marriage **Human Extinction** Émile P. point in our 300 000 year history as a species This book provides insight on the key questions that inform this discussion including when humans began to worry about their own extinction and how the debate has changed over time It establishes a new theoretical foundation for thinking about the ethics of our extinction arguing that extinction would be very bad under most circumstances although the outcome might be on balance good Throughout the book graphs tables and images further illustrate how human choices and attitudes about extinction have evolved in Western history In its thorough examination of humanity s past this book also provides a starting point for understanding our future Although accessible enough to be read by undergraduates Human Extinction contains new and thought provoking research that will benefit even established academic philosophers and historians A Companion to Public Philosophy Lee McIntyre,Nancy McHugh,Ian
