The Trading Playbook Michael Gouvalaris,2015-04-13 Traders have a tendency to over complicate Many search for the latest new indicator that will give them an edge or a new trading strategy to deliver bigger wins The message of The Trading Playbook is to forget all of this and concentrate on three solid foundations to improve your trading performance Simplicity focus on price action alone Probabilities take trades where the odds are in your favour Hard work and screen time put in the effort to build up your trading experience Hard work and screen time is down to you but The Trading Playbook will guide you towards simplifying

your trading and thinking in terms of probabilities Michael Gouvalaris describes two straightforward trading plans that eschew complicated indicators and focus on probable outcomes The first of these two plans the day trading playbook is based around ten different daily situations that can occur in the futures market Between these ten daily setups every single scenario is accounted for You are shown how to determine what day type is in progress by studying that day s open and gap and then high probability and low probability price action for each day type are given Alongside the ten day types the simple technical analysis tools of support and resistance and measuring market volatility are employed The second trading plan the swing trading playbook describes effective ways to identify the trend how to find ideal spots to enter trades in the direction of the trend and also how to identify signals that warn of potential trend failure or reversals You will learn simple and highly effective tools for spotting high probability entries and exits for trades Again basic technical analysis tools are employed including measured moves box theory and A B C waves The key benefits of both playbooks are that they give you a well defined plan to follow This alleviates many of the big mistakes traders make such as over trading and cutting winners too early or sitting in losing trades too long If you are on the lookout for some trading ideas to simplify your analysis and refine your approach The Playbook is for you
