Dayspring in Darkness Jeffrey B. Loomis, 1988 Identifying sacramentalism as the key to the poetry and spirituality of Gerard Manley Hopkins this study suggests that Hopkins most dominantly emphasized the sacramental Mystical Body of the Church and that his poems aspire to see past the out scape of nature and humanity to revelations of spiritual inscape

Hopkins's "Terrible" Sonnets: a Commentary Luisa Camaiora, 2014-05-07 Gerard Manley Hopkins and Tractarian Poetry Margaret Johnson, 2016-12-05 Gerard Manley Hopkins and Tractarian Poetry for the first time locates Hopkins and his work within the vital aesthetic and religious cultures of his youth It introduces some of the most powerful cultural influences on his poetry as well as some of the most influential poets from the well known fellow convert John Henry Newman to the almost forgotten historian and poet Richard Dixon From within the context of Hopkins developing catholic sensibilities it assesses the impact of and his responses to issues of the time which related to his own religious and aesthetic perceptions and provides a rich and intricate background against which to view both his early often neglected poetry and the justly famous idiosyncratic and deeply moving verse of his mature years By detailing the influences Tractarian poetry had upon Hopkins early work and applying these to the productions of his later years Gerard Manley Hopkins and Tractarian Poetry demonstrates how Hopkins best known mature works evolved from his upbringing in the Church of England and remained always indebted to this early culture It offers readings of his works in light of a new appraisal of the contexts from which Hopkins himself grew providing a fresh approach to this most challenging and rewarding of poets *Exploring Catholic Literature* Mary R. Reichardt, 2003 Designed for students of all ages Exploring Catholic Literature A Companion and Resource Guide provides an engaging and succinct introduction to twelve recognized masterpieces of Catholic literature from Augustine s 4th century conversion narrative The Confessions to the recent poetry of Denise Levertov collected in The Stream and the Sapphire Each chapter contains a brief biography of the author an extended critical essay highlighting the work s Catholic and literary aspects suggestions for further reading and study and questions for discussion **Gerard Manley Hopkins's Poetics of Anxiety and Transience** Mirko Starčević, 2023-10-25 This book analyses the themes of anxiety and transience in the poetical thought of Gerard Manley Hopkins a prominent 19th century poet The book argues that despite Hopkins s strong religious beliefs his artistic vision and quest for an original aesthetic were the foremost concerns in his poetry The author examines Hopkins s early interest in transience which he later developed through the influence of the philosopher Duns Scotus and the aesthetic critic Walter Pater In the second half of the book the author employs Martin Heidegger s philosophy to deepen our understanding of Hopkins s poetics of anxiety and transience He illuminates how these themes shaped Hopkins s poetic voice revealing his affinity with Romanticism and his belief that transience and anxiety enhance rather than hinder the creative process The book provides a fresh perspective on Hopkins s work challenging the prevailing views that downplay the importance of these themes While the book is primarily a

contribution to literary scholarship it may also appeal to readers interested in the intersection of literature philosophy and art

Unruly Catholics from Dante to Madonna Marc DiPaolo, 2013-10-03 During the Second Vatican Council the Roman Catholic Church went through a period of liberal reform under the stewardship of Popes John XXIII and Paul VI Successive popes sharply reversed course enforcing conservative ideological values and silencing progressive voices in the Church Consequently those Catholics who had embraced the spirit of Vatican II were left feeling adrift and betrayed In *Unruly Catholics from Dante to Madonna* scholars of literature film religion history and sociology delve into this conflict and historically similar ones through the examination of narratives by and about rebellious Catholics Essays in *Unruly Catholics* explore how renowned Catholic literary figures Dante Alighieri Oscar Wilde Graham Greene Evelyn Waugh and Gerard Manley Hopkins dealt with the disparities between their personal beliefs and the Church's official teachings Contributors also suggest how controversial entertainers such as Madonna Kevin Smith Michael Moore and Stephen Colbert practice forms of Catholicism perhaps worthy of respect Most pointedly *Unruly Catholics* addresses the recent sex abuse scandals considers the possibility that the Church might be reformed from within and presents three iconic figures Thomas Merton Dorothy Day and C S Lewis as models of compassionate and reformist Christianity

From Question to Quest Santiago Sia, 2010-04-16 In facing up to life and its challenges questions inevitably arise Different situations provoke specific questions mostly trivial but frequently fundamental always seeking some kind of answer While the transition from question to quest is a rather natural one for human beings and the need for answers is a serious human demand the quest itself is significant precisely because it is a human task This book offers a number of literary philosophical enquiries into these challenges of life But it is the one set of quests stimulated deepened and widened by literature and philosophy as well as developed in a literary and philosophical way Among the topics covered are the search for meaning in life the quest for wisdom the aim of moral striving the need for community life the importance of relationships the challenge of suffering the desire for deliverance and the longing for immortality

Victorian Poetry Isobel Armstrong, 2019-01-30 In *Victorian Poetry* Poetry Poetics and Politics Isobel Armstrong rescued Victorian poetry from its longstanding sepia image as a moralised form of romantic verse and unearthed its often subversive critique of nineteenth century culture and politics In this uniquely comprehensive and theoretically astute new edition Armstrong provides an entirely new preface that notes the key advances in the criticism of Victorian poetry since her classic work was first published in 1993 A new chapter on the alternative fin de siècle sees Armstrong discuss Michael Field Rudyard Kipling Alice Meynell and a selection of Hardy lyrics The extensive bibliography acts as a key resource for students and scholars alike

Augustine and Literature Robert Peter Kennedy, Kim Paffenroth, John Doody, 2006-01-01 The influence of Christianity on literature has been great throughout history as has been the influence of the great Christian Augustine Augustine and Literature explores Augustine's influence on literature from the Middle Ages to the present day and discusses the implications of expressing Augustine's religious themes both in literature

and in more directly theological works **Gerard Manley Hopkins and the Language of Mystery** Virginia Ridley Ellis,1991 With detailed readings of major poems and analysis of manuscript revisions Ellis examines how Hopkins particular vision of mystery pervasively affects not only his own language but a reader s approach to that language Gerard Manley Hopkins and Critical Discourse Eugene Hollahan,1993 This assortment of twenty essays together with a comprehensive tabular analysis of Hopkins scholarship from 1920 to 1984 sustains the momentum established globally during the Hopkins centenary of 1989 Every continent is represented Every major critical method is employed Hopkins scholars and critics both seasoned veterans such as Norman MacKenzie and bright new stars such as Cary Plotkin contribute ambitious elucidations of Hopkins s life and works The large effect is that of a Baconian enterprise in which the life and oeuvre of a major presence in modern poetry is swarmed over elucidated and thereby preserved in perpetuity In this rich collection Hopkins proves to be a critical mass capable of triggering a seemingly endless chain reaction of response and counter response **Hopkins**

Against History Eugene Hollahan,1995 Scrutinizing the claim frequently made by critics that literary forms represent forms of consciousness Eugene Hollahan attempts in Hopkins Against History a double edged project He applies popular critical methods psychoanalytical New Historical interdisciplinary and the like as procedures in an examination of that rare poetic spirit Gerard Manley Hopkins At the same time and dialectically the author uses Hopkins s life and oeuvre as a test case or paradigm case by which to measure some of the critical methods that attract much interest today Hopkins Against History presents a new perspective on Gerard Manley Hopkins the self conscious unbordered soul struggling against history but in the process becoming a kind of antithetical hero producing poems in sprung rhythm a strange new poetic of lasting value

Feeney,2002 Hopkins Variations celebrates this fame with essays from women and men of thirteen countries on four continents Australia Canada England France Germany Ireland Israel Italy Japan the Netherlands Poland Scotland and the United States The fifty five writers are highly diverse poets actors professors of literature graduate students translators theologians an artist a philosopher a novelist and a composer BOOK JACKET The International Hopkins Association Newsletter ,1989 *Modernism in Poetry* Rainer Emig,1995 The books in this series provide students of twentieth century literature with some of the most advanced scholarly and critical work in the field in a lucid and accessible form *Victorian Poetry* ,2007 **English Poetry of the Victorian Period, 1830-1890** Bernard

Arthur Richards,2001 Deeply unpoetical was how Matthew Arnold described the Victorian period and many of his contemporaries would have agreed Even to later generations poetic achievement from 1830 to 1890 seems dwarfed by the great burgeoning of the novel However English Poetry of the Victorian Period demonstrates the very real diversity and richness of Victorian poetry This was the era of Tennyson the Brownings Arnold Swinburne Clough the Rossettis and Hopkins poets who not only wrote with distinctly original voices but who also reflected the deeper tensions of their time Bernard Richards balances detailed analysis of individual poets and works with a broader perspective of the poetic spirit of the age

Two new chapters have been added to this revised edition on nonsense poetry and women poets He characterises the Victorian age as one of tremendous poetic wealth related to but different from the Romantic period which preceded it and the Modernist period which followed it **Vocation in the Poetry of the Priest-poets George Herbert, Gerard Manley Hopkins, and R.S. Thomas** Tim McKenzie, 2003 This study examines the theme of vocation in the writing of three poets who were also priests George Herbert Gerard Manley Hopkins and R S Thomas Although their work spans four centuries each of these men addressed the vocational conflicts faced by all priest poets since the Reformation The a *Writers H - Z.* Daniel Lane Kirkpatrick, 1991 **Saying Yes at Lightning** Kevin J. O'Brien, 2002 Saying Yes at Lightning explores how four poets Gerard Manley Hopkins H D Osip Mandelstam and William Carlos Williams use imagery to confront that which is most deeply threatening to them In showing how risky subject matter is matched by stylistic risk the author sheds light on a previously unexplored but quite significant dynamic in post romantic poetry the pervasive use of provisional or destabilized images
