## **Dday Juno Beach Canadas 24 Hours Of Destiny:**

D-Day Lance Goddard,2004-03 Survivors Vets Comrades A single day changed their lives forever From the producer of the documentary Victory from Above Lance Goddard s D Day Juno Beach Canada s 24 Hours of Destiny is a montage of first hand accounts memories and a pictorial archive of that day sixty years ago It captures all of the pride patriotism and collective will of Canadians who served and endured the horrific events of that day for a greater cause for freedom to defeat Hitler to liberate Europe From the beginning at 0000 hours to the end 24 hours later the voices of over thirty veterans unravel the battle with recollections tactical details and often self effacing humour but always at the very heart of Goddard s D Day Juno Beach Canada s 24 Hours of Destiny the message sixty years later is clear lest we forget Canada and the Liberation of the Netherlands, May 1945 Lance Goddard,2005-05-01 Nazi Germany s invasion of the Netherlands in May 1940 marked the beginning of five years of terror for the Dutch people They faced oppression and death with remarkable stoicism but nothing could save them from the Hunger Winter of 1944 5 when more than 30 000 people died of starvation In this time of unimaginable despair Canada came to the rescue playing the largest role in liberating the Netherlands and ending the Nazi reign of terror The Canadians gave the Dutch freedom and food and out of such dark times an eternal friendship was forged Told through interviews with Dutch survivors and Canadian veterans Canada and the Liberation of the Netherlands May 1945 delves into this little known chapter of history Dark Tourism and Place Identity Leanne White,Elspeth Frew,2013-03-20 Dark Tourism including visitation to places such as murder sites battlefields and cemeteries is a growing phenomenon as well as an emergent area of scholarly interest Despite this interest the intersecting domains of dark tourism and place identity have been largely overlooked in the academic literature and this book aims to fill this void The three main themes of Visitor Motivation Destination Management and Place Interpretation are addressed in this book from both a demand and supply perspective by examining a variety of case studies from around the world This edited volume takes the dark tourism discussion to another level by reinforcing the critical intersecting domains of dark tourism and place identity and in particular highlighting the importance of understanding this connection for visitors and destination managers Written by leading academics in the area this stimulating volume of 19 chapters will be valuable reading for postgraduate and advanced undergraduate students in a range of discipline areas researchers and academics interested in dark tourism and other interested stakeholders including those in the tourism industry government bodies and community groups
