De Senectute De Amicitia Persian:

De senectute ; De amicitia ; De divinatione Marcus Tullius Cicero,1992 **Herodotus: Persian Wars books V-VII** Herodotus,1963 Aeschylus: Suppliant maidens. Persians. Prometheus. Seven against Thebes Aeschylus,1988 *Plautus: The merchant. The braggart warrior. The haunted house. The Persian* Titus Maccius Plautus,1963 **Procopius: History of the wars, Books I and II (Persian War)** Procopius,1954 Kashefi's Anvar-e Sohayli Christine van Ruymbeke,2016-11-07

Kashefi s Anvar e Sohayli 15th c A D is a Persian rewriting of the timeless and influential Kalila wa Dimna text done at the Timurid court Christine van Ruymbeke offers a first in depth analysis of the contents and style of this important text and also addresses the Kalila wa Dimna field across its full rewriting history This analysis shows how Kashefi s additions function as an invaluable commentary that opens up our understanding and the appreciation of this seminal text This studies revisits several received ideas and current misapprehensions about the text and shows why it has been such an international best seller before being unjustly relegated to children s literature In Van Ruymbeke s words Kalila wa Dimna is a grim text exposing the mechanisms of sophisticated psychological manipulation and exploring universal philosophical themes known since Antiquity and still relevant today Beyond Greece and Rome Jane Grogan,2020-04-22 Though the subject of classical reception in early modern Europe is a familiar one modern scholarship has tended to assume the dominance of Greece and Rome in engagements with the classical world during that period The essays in this volume aim to challenge this prevailing view by arguing for the significance and familiarity of the ancient near east to early modern Europe establishing the diversity and expansiveness of the classical world known to authors like Shakespeare and Montaigne in what we now call the global Renaissance However global Renaissance studies has tended to look away from classical reception exacerbating the blind spot around the significance of the ancient near east for early modern Europe Yet this wider classical world supported new modes of humanist thought and unprecedented cross cultural encounters as well as informing new forms of writing such as travel writing and antiquarian treatises in many cases and befitting its Herodotean origins the ancient near east raises questions of travel empire religious diversity cultural relativism and the history of European culture itself in ways that prompted detailed engaging and functional responses by early modern readers and writers Bringing together a range of approaches from across the fields of classical studies history and comparative literature this volume seeks both to emphasize the transnational interdisciplinary and interrogative nature of classical reception and to make a compelling case for the continued relevance of the texts concepts and materials of the ancient near east specifically to early modern culture and scholarship **The Journal of Hellenic Studies** ,1922 Holy People of the World Phyllis G.
