## **De Gospel Train Ssattb Unaccompanied:**

We Shall Overcome Victor V. Bobetsky, 2014-12-23 We Shall Overcome is an American folk song that has influenced American and world history like few others. At different points in time it has served as a labor movement song, a civil rights song, a hymn, and a protest song, and has long held strong individual and collective meaning for the African American community in particular and the American and world communities more generally. We Shall Overcome: Essays on a Great American Song, edited and compiled by Victor V. Bobetsky, comprises essays that explore the origins, history, and impact of this great American folk song. Inspired by a symposium of guest speakers and student choirs from the New York City Public Schools, chapters cover such critical matters as the song's ancestry, Pete Seeger's contribution to its popularization, the role played by the SNCC Freedom Singers in its adoption, the gospel origins and influences of the song, its adaptation by choral arrangers, its use as a teaching tool in the classroom, and its legacy among other freedom songs. We Shall Overcome: Essays on a Great American Song constitutes an invaluable resource for the music and music education community as well as for members of the general public interested in music education history and the civil rights movement. The book provides readers with a wide and unique spectrum of information about the song relevant to researchers and teachers.

*Choral Music by African-American Composers*, 1996-04-09 Lists and describes approximately 1,600 published and unpublished choral works by more than 100 African American composers and arrangers. 600 more works than the first edition. Many of these works representing all styles from simple four-part settings to avant-garde pieces have not been performed before because of the difficulty in locating them. White's bibliography provides a useful tool for busy conductors wishing to perform music by African American composers and serves as an incentive to choral conductors to program little-known composers as well as unknown works by established musicians. Arrangement is by composer. Entries list number of pages, voicing, and solo requirements, vocal ranges, degree of difficulty, a cappella or type of accompaniment, publishers, and catalog number. Also included are a title index, a listing of selected collections of Negro spirituals, biographical sketches of African American composers and arrangers, and three appendixes: selected source readings, selected discography, and addresses of publishers and composers.
