committed profound Jean Michel Alberola's oeuvre is an artist's reaction to reality human feelings and the state of the world
His exhibition at the Palais de Tokyo triggers a voyage that stimulates the eye and the mind as it maps the underappreciated
diversity of his work Associating bodily and geographical fragments with ambiguous statements and injunctions this major
and utterly distinctive figure on the French art scene shapes rebuses that challenge both our way of seeing and the role of art
in society And yet in its intermingling of artistic speculation and political questioning and of conceptualism abstraction and
figuration Alberola's unique hard hitting oeuvre is never without its touch of humour Book contents Adding Up the Details

la Paix designed by Jos Luis Sert remains tranquilly unvisited and quietly erased from architectural history Why This unusual convent falls outside the standard categories of Sert s architecture and has been overlooked in most publications about his work As J K Birksted explains the design and construction process for this building proved nightmarish resulting in a building which at first sight appears to be ineloquent This first detailed examination of this building shows how the convent and the story of its creation offer valuable and important new insights into Sert his architecture and his life However the study also opens up discussions on wider subjects such as the relationships between modernist architecture and ecclesiastical architecture The design and construction of the Carmel de la Paix 1968 1972 followed the Second Ecumenical Council of the Vatican 1962 1965 which introduced fundamental changes and proposals for renewing the relationship between the Church and the changing modern world and the convent provides an interesting illustration of this period In addition it offers insights into the fascinating world of the Carmelite order and its specific liturgical requirements and reflecting on the nuns active involvement in the design and construction process it also explores wider issues of women in architecture *National Art Library Catalogue : Victoria and Albert Museum, London, England : Catalogue of Exhibition Catalogues* National Art Library (Great Britain),1972 **Joan Miro: Metamorphoses Des Formes: Collection de la Fondation Maeght** Joan Miró i Ametller,Fondation Maeght, **Plane Image** Gary Garrels,2006 Brice Marden A Retrospective ISBN 0 87070 446 X 978 0 87070 446 8 Hardcover 11 5 x 9 5 in 240 pgs 248 color U S 60 00 CDN 72 00 October Art **Art year 1994.
