Autumn: Purification David Moody,2025-10-16 A bastard hybrid of War of the Worlds and Night of the Living Dead the Autumn series chronicles the struggle survivors are forced to contend with in a world torn apart by a deadly disease 99% of the population of the planet has been killed in less than 24 hours Animated by phase two of some unknown contagion the dead begin to rise At first slow blind dumb and lumbering the bodies soon regain their most basic senses and abilities sight hearing locomotion as well as the instinct toward aggression and violence Held back only by the restraints of their rapidly decomposing flesh the dead seem to have only one single goal to lumber forth and destroy the sole remaining attraction in the silent lifeless world those who have survived the plague who now find themselves outnumbered 1 000 000 to 1 In Autumn Purification the heroes from the original Autumn novel and Autumn The City work together to survive in this horrifying new world Without ever using the Z word the Autumn series offers a new perspective on the traditional zombie story There s no flesh eating no fast moving corpses no gore for gore s sake Combining the atmosphere and tone of a George Romero film with the attitude and awareness of 28 Days Later this horrifying and suspenseful novel is filled with relentless cold dark fear

Hippy Days, Arabian Nights Katherine Boland,2017-05-01 Spanning five decades and as many continents Hippy Days Arabian Nights is a funny moving and compelling story of a woman whose extraordinary life will never be summarised by the words could have might have or should have Whether it s following her dreams pursuing what she believes in or chasing matters of the heart from the outset Australian artist Katherine Boland has grabbed life by the throat and jumped in feet first Part One Hippy Days One woman s experience of life in a hippy community that sprang up in the Southern Highlands of New South Wales as part of the counterculture movement an overlooked and relatively untapped period in Australian modern history In 1976 Katherine and her boyfriend John like many idealistic young students of the time abandon their university studies and leave Melbourne to pursue a sustainable and independent life in the bush Their earnest quest for a Utopian life in

harmony with nature is both hilarious and serious John finds himself reviving their dying goat with mouth to mouth resuscitation in the back of a ute while on the way to the vet and under the stars alone in the bush a pregnant and groaning Katherine goes into labour to the accompaniment of New Year s Eve fireworks and the sympathetic mooing of a neighbour s cow However as Katherine reveals even the strongest woman is vulnerable and the noblest of dreams can perish observing as she does that in many families peace harmony and mung beans can founder on the back of drug addiction with its many consequences including family violence and child neglect Part Two Arabian Nights Prior to the Egyptian revolution in 2010 Katherine receives an invitation from the Egyptian Ministry of Culture to participate in an International Artists Symposium And so begins her next fateful and totally unplanned foray into the unknown falling head over heels in love or is it lust for an Egyptian journalist 27 years her junior at first sight Her ideas and preconceptions about Islam and the Middle East are challenged as her relationship evolves and deepens over the next 6 years *Smart Growth* Whitney Johnson,2022-01-11 A Wall Street Journal bestseller Named one of 10 Best New Management Books for 2022 by Thinkers50 Creating a culture of learning and growth Growth is the goal Helping people develop their potential enabling them to articulate and become the self they want to be are capable of being and that best serves them and others in the short and long term is what we as individuals and leaders strive toward But how do we grow It turns out it happens in a predictable way which means we can understand where we are in our growth and chart a way forward In this compact complete guide Whitney Johnson dives more deeply than ever into the S Curve of Learning so that you can envision how growth happens and direct yourself and others in your organization to create a culture that fosters it The growth and learning journey comes in three phases the Launch Point the Sweet Spot and Mastery Compelling examples of successful people will show you when and why growth is slow how to keep going what to do when growth and learning are almost too fast to keep up with and how to leap from one growth journey to another As individuals grow so do organizations and societies Growth is learning put into action action that betters the world as we better ourselves and our small niches both personal and professional within it Growth occurs when learning is internalized when we try something new and invest the effort to move it from being something we do to something we are
