*Dead Red* Tim O'Mara, 2015-01-20 New York City school teacher Raymond Donne has no idea how bad his night is going to get when he picks up the phone Ricky Torres his old friend from his days as a cop needs Ray's help and he needs it right now in the middle of the night Ricky picks Ray up in the taxi he's been driving since returning from serving as a marine in Iraq but before Ricky can tell Ray what's going on the windows of the taxi explode under a hail of bullets killing Ricky and knocking Ray unconscious as he dives to pull his friend out of harm's way Ray would've done anything to help Ricky out while he was alive Now that he's dead he'll go to the same lengths to find out who did it and why All he has to go on is that Ricky was working with Jack Knight Ray's old nemesis another ex cop turned PI They were investigating the disappearance of a PR giant's daughter who had ties to the same Brooklyn streets that all three of them used to work Is that what got Ricky killed or was he into something even more dangerous Was there anything that Ray could've done for him while he was alive Is there anything he can do for him now Filled with the kinds of unexpected twists that make for the best crime fiction and with secrets that run far deeper than loyalties *Dead Red* is the most thrilling mystery yet in Tim O'Mara's widely acclaimed series

Red Dead Redemption John Wills, Esther Wright, 2023-03-30 While the Western was dying a slow death across the cultural landscape it was blazing back to life as a video game in the early twenty first century Rockstar Games Red Dead franchise beginning with Red Dead Revolver in 2004 has grown into one of the most critically acclaimed video game franchises of the twenty first century Red Dead Redemption History Myth and Violence in the Video Game West offers a critical interdisciplinary look at this cultural phenomenon at the intersection of game studies and American history Drawing on game studies western history American studies and cultural studies the authors train a wide ranging deeply informed analytic perspective on the Red Dead franchise from its earliest incarnation to the latest Red Dead Redemption 2 2018 Their intersecting chapters put the series in the context of American history culture and contemporary media with inquiries into issues of authenticity realism the meaning of play and commercial promotion and the relationship between the game and the wider cultural iterations of the classic Western The contributors also delve into the role the series development has played in recent debates around working conditions in the gaming industry and gaming culture In its redeployment and reinvention of the Western's myth and memes the Red Dead franchise speaks to broader aspects of American culture the hold of the frontier myth and the Wild West over the popular imagination the role of gun culture in society depictions of gender and ethnicity in mass media and the increasing allure of digital escapism all of which come in for scrutiny here making this volume a vital sweeping and deeply revealing cultural intervention
