shape Qumran studies **Perspectives in the Study of the Old Testament and Early Judaism** Ed Noort, Florentino García Martínez, 2014-09-03 This volume contains the papers presented to a symposium organized by the Theological Faculty of the University of Groningen on the occasion of the seventieth birthday of Adam S van der Woude former Professor of Old Testament and Early Judaism and former head of the Qumran Institute at the same Faculty The essays eight in English and four in German explore through case studies the developments over the last few years in the different areas of study of the Old Testament and of Early Judaism observe the new perspectives opened in these areas and map the directions in which the research will be moving in the third millennium The volume also includes a German version of the public lecture on the significance of the Dead Sea Scrolls for the Study of Old Testament and of Early Judaism delivered in Dutch by Van der Woude during the symposium New Perspectives in Mormon Studies Eric F. Mason, Quincy D. Newell, 2013-03-18 Scholarship in Mormon studies has often focused on a few key events and individuals in Mormon history The essays collected by Quincy D Newell and Eric F Mason in this interdisciplinary volume expand the conversation One of the main purposes of this volume is to define and cross boundaries Part 1 addresses internal boundaries walls that divide some Mormons from others One chapter examines Joseph Smith's writings on economic matters and argues that he sought to make social distinctions irrelevant Another considers Jane James an African American Latter day Saint and her experiences at the intersection of religious and racial identity In part 2 contributors consider Mormonism's influence on Pentecostal leader John Alexander Dowie and relationships between Mormonism and other religious movements including Methodism and Presbyterianism Other chapters compare Mormonism and Islam and examine the group Ex Mormons for Jesus Saints Alive in Jesus Part 3 deals with Mormonism in the academy and the ongoing evolution of Mormon studies Written by contributors from a variety of backgrounds these essays will spark scholarly dialogue across the disciplines New Perspectives on 2 Enoch Andrei Orlov, Gabriele Boccaccini, 2012-05-25 New Perspectives on 2 Enoch No Longer Slavonic Only presents a collection of papers from the fifth conference of the Enoch Seminar The conference re examines 2 Enoch an early Jewish apocalyptic text previously known to scholars only in its Slavonic translation in light of recently identified Coptic fragments This approach helps to advance the understanding of many key issues of this enigmatic and less explored Enochic text One of the important methodological lessons of the current volume lies in the recognition that the Adamic and Melchizedek traditions the mediatorial currents which play an important role in the apocalypse are central for understanding the symbolic universe of the text The volume also contains the recently identified Coptic fragments of 2 Enoch introduced to scholars for the first time during the conference *Dirt, Greed and Sex* William Countryman, 2013-01-25 Conducting a thorough examination of sexual ethics in the New Testament this work argues that the New Testament writers did not construct a new sexual ethic from the ground up but took over existing cultural patterns and refocused them pushing some elements from the centre to the periphery This suggests a pattern of ethics for contemporary life Discussing biblical notions of purity and

property which dominate ethical ideas in the New Testament the author characterizes sex as one of the rich blessings of creation to be received with delight and thanksgiving Countryman's generous and eirenic views on sexual matters based as they are on solid biblical research are a welcome intervention in an area which unfortunately in Christian circles tends still to be dominated by conservatism and misinformation rather than by liberal principle [An Introduction to the Complete Dead Sea Scrolls](#) Géza Vermès, 1999 Now that all the Dead Sea Scrolls have been published here is a complete comprehensive and reliable guide to their significance from the scholar who has been associated with the study of the Scrolls from the very beginning **Jesus and the Dead Sea Scrolls** James H. Charlesworth, 1992 Jesus and the Dead Sea Scrolls gets to the heart of the matter of why these documents are so important Simply they give us unprecedented and unparalleled insight into the times in which Jesus lived and remain among the few surviving original documents written by the hands of Jesus contemporaries This detailed investigation provides us with useful insight into and much needed clarification of Jesus life and teachings as they begin to emerge from the shadows of history Jacket **The Mystery and Meaning of the Dead Sea Scrolls** Hershel Shanks, 1998 This is a clear definitive account from beginning to end for the layperson as well as the scholar of the mystery and meaning of the scrolls BOOK JACKET *Sapiential Perspectives* Orion Center for the Study of the Dead Sea Scrolls and Associated Literature. International Symposium, Gregory E. Sterling, 2004 These essays focus on diverse aspects of the relationships between the Qumran wisdom texts and other Second Temple writings and explore some of the puzzles raised by terms and concepts unique to the texts themselves **The Dead Sea Scrolls** Dr. Peter W. Flint, 2013-02-01 In 1947 a Bedouin shepherd literally stumbled upon a cave near the Dead Sea a settlement now called Qumran to the east of Jerusalem This cave along with the others located nearby contained jars holding hundreds of scrolls and fragments of scrolls of texts both biblical and nonbiblical in Hebrew Aramaic and Greek The biblical scrolls would be the earliest evidence of the Hebrew Scriptures or Old Testament by hundreds of years and the nonbiblical texts would shed dramatic light on one of the least known periods of Jewish history the Second Temple period This find is quite simply the most important archaeological event in two thousand years of biblical studies The scrolls provide information on nearly every aspect of biblical studies including the Old Testament text criticism Second Temple Judaism the New Testament and Christian origins It took more than fifty years for the scrolls to be completely and officially published and there is no comparable brief introductory resource Core Biblical Studies fulfill the need for brief substantive yet highly accessible introductions to key subjects and themes in biblical studies In the shifting tides of biblical interpretation these books are designed to help students locate relevant meanings in conversation with the text As a first step toward substantive and subsequent learning the series draws on the best scholarship in order to provide foundational concepts and contextualized information on a broad scope of issues methods perspectives and trends **Imagining the Other and Constructing Israelite Identity in the Early Second Temple Period** Ehud Ben Zvi, Diana Vikander Edelman, 2015-01-29 This volume

sheds light on how particular constructions of the Other contributed to an ongoing process of defining what Israel or an Israelite was or was supposed to be in literature taken to be authoritative in the late Persian and Early Hellenistic periods It asks who is an insider and who an outsider Are boundaries permeable Are there different ideas expressed within individual books What about constructions of the partial Other from inside e g women people whose body did not fit social constructions of normalness It includes chapters dealing with theoretical issues and case studies and addresses similar issues from the perspective of groups in the late Second Temple period so as to shed light on processes of continuity and discontinuity on these matters Preliminary forms of five of the contributions were presented in Thessaloniki in 2011 in the research programme Production and Reception of Authoritative Books in the Persian and Hellenistic Period at the Annual Meeting of European Association of Biblical Studies EABS *The Apocalyptic Imagination* John Joseph Collins,1984 **Rabbinic Perspectives** Orion Center for the Study of the Dead Sea Scrolls and Associated Literature. International Symposium,2006 The studies in this volume examine the intersection of the Dead Sea Scrolls with early rabbinic literature Methodological attention is paid to questions of the nature of sectarian and rabbinic law and narrative and how they may elucidate one another
