Deadly Daughter:

Radon's Deadly Daughters Michael R. Edelstein, William J. Makofske, 1998 In this vibrant account Edelstein and Makofske unveil the complex mix of social and scientific factors that have led to public and official misunderstanding of the geologic radon issue *Japanese Horror Films and their American Remakes* Valerie Wee, 2013-10-23 The Ring 2002 Hollywood's remake of the Japanese cult success Ringu 1998 marked the beginning of a significant trend in the late 1990s and early 2000s of American adaptations of Asian horror films This book explores this complex process of adaptation paying particular attention to the various transformations that occur when texts cross cultural boundaries Through close readings of a range of Japanese horror films and their Hollywood remakes this study addresses the social cultural aesthetic and generic features of each national cinema's approach to and representation of horror within the subgenre of the ghost story tracing convergences and divergences in the films narrative trajectories aesthetic style thematic focus and ideological content In comparing contemporary Japanese horror films with their American adaptations this book advances existing studies of both the Japanese and American cinematic traditions by illustrating the ways in which each tradition responds to developments in its social cultural and ideological milieu and examining Japanese horror films and their American remakes through a lens that highlights cross cultural exchange and bilateral influence The book will be of interest to scholars of film media and cultural studies *The Mother-Daughter Relationship Makeover* Leslie Glass, Lindsey Glass, 2024-04-16 Do you have ongoing

conflicts with your mother or daughter that have left you exhausted exasperated and sad for all that you have lost Do you feel that the relationship is beyond repair If so you are not alone This first most important bond can be fraught with pitfalls and devastating ups and downs the seeds for which may have been planted generations ago Now there's help Page 4 of cover

Stargrave: The Last Prospector Joseph A. McCullough, 2022-04-28 The second supplement for Stargrave offers a host of new scenarios and rules for gaining political backing as you fight across the ravaged galaxy The Dahlgren Belt was once a vast asteroid mining operation that supplied the entire sector with rare metals and various elemental fuels However the isolation of the last war caused the corporation to wither and the various outposts and colonies were eventually left to look after themselves Some became true collectives or limited democracies while others have fallen to the rule of gangsters warlords and despots In all cases the limited resources of air and organic material has made life difficult In this supplement for Stargrave the crews must travel from asteroid to asteroid and even down to the system's single barely inhabitable planet searching for a man who claims to have discovered a big score During their journey players will fight through numerous different environments including asteroid mines zero gravity and even hellish jungle Captains must curry favour with the various small political factions that hold power in the Belt Only through a combination of wits diplomacy and weapons can players hope to reach the last prospector and gain a share of his claim [T&T Clark Companion to the Bible and Film](#)

Richard Walsh, 2018-06-28 The first decades of the twenty first century saw a resurgence of the biblical epic film such as

Noah and Exodus Gods and Kings which was in turn accompanied by a growth of biblical film criticism This companion surveys that field of study by framing it in light of significant and recent biblical films as well as the voices of key biblical film critics Non Hollywood and seemingly non biblical films also come under investigation The contributors concentrate on three points context focusing on the Bible in specific film genres and cultural situations theory applying theory from both religion and film studies with an eye to their possible intersections and recent and significant texts reflecting on which texts and themes have been most important in biblical film and which are currently at the fore Exploring cinema across the globe and accompanied by extended introductory essays for each of the three sections this companion is an important resource for scholars in both film and biblical reception
