centered Take the Next Step Join educators worldwide in this marathon not a sprint toward an AI enhanced future With resources to stay current and practical steps to start today AI in Education The New Frontier is your compass for 2025 and beyond Grab your copy now and turn AI into your classroom s greatest ally *Advancing the Frontiers of Education. Science and Technology in Nigeria* Olukoya Ogen,Bankole Faloye,2025-07-23 Document from the year 2025 in the subject Education Reading Instruction language English abstract The book Expanding the Frontiers of Education Science and Technology in Nigeria explores the transformative impact of digital technologies on learning scientific discovery and technological advancement With 67 painstakingly peer reviewed chapters the book delves into how technologies are reshaping traditional educational models driving scientific innovation and creating new opportunities for progress in a rapidly evolving digital landscape The volume is more than a collection of academic essays as it offers a holistic view of how knowledge can be harnessed for societal transformation reflecting the depth and breadth of Professor Adeoluwa s scholarly legacy Professor Bayode POPOOLA Vice Chancellor Adeyemi Federal University of Education Ondo _____ This monumental edited collection is a fitting tribute to Professor Adeoluwa s exceptional scholarship and administrative prowess It underscores the critical need for integrating digital technologies with human centered approaches and highlights the value of cross disciplinary collaboration while addressing the ethical dimensions of technological advancement The book offers a comprehensive roadmap for navigating the complexities and opportunities of the digital age It provides essential insights for educators scientists technologists policy makers and all those interested in shaping the future of learning research and innovation Prof Ibiyinka OGUNLADE Deputy Vice Chancellor Academic Ekiti State University Ado Ekiti 2014 2016

_____ A rich and elegant multidisciplinary collection of essays that explores the transformative potential of education science and technology in shaping Nigeria s future The book delves into the challenges and opportunities presented by the evolving educational landscape the critical role of science and technology in national development and strategies for bridging gaps in access quality and innovation It further analyzes how digital tools and platforms can revolutionize learning experiences and improve access to quality education Most significantly this book is laced with insightful recommendations for policymakers educators researchers and anyone interested in the development of Nigeria Prof Abubakar Sadiq HARUNA Director Institute of Africa Higher Education Research and Innovations Maryam Abacha American University of Nigeria Kano *English-Medium Instruction in Higher Education in Hong Kong* Jack Pun,Wenyun Jia,2025-12-11 This book explores issues of teaching science technology engineering and math STEM through the medium of English in the context of higher education in Hong Kong It analyses policy issues and language challenges faced by university students and pedagogical strategies for the professional development of English Medium of Instruction EMI teachers Hong Kong as a focus case is valuable because nearly 60% of government funded university programmes are STEM or science related while over 90% of the student population speaks Chinese as a first language but also speak and write English due to

local language policies and Hong Kong's colonial history making it a useful site for EMI research. By providing an evidence-based pedagogically focused analysis of teacher and student classroom practices and their perceptions, this book sheds light on ways to improve the quality of instructional practices and effective scaffolding in different types of EMI classrooms in Hong Kong and in similar contexts around the world. The examples of the EMI lessons with annotated notes which showcase good practices of EMI teaching will be particularly valuable to university EMI coordinators, content subject and English teachers and instructors doing EMI professional development courses.

Proceedings of the 2nd International Conference on Education Research Florinda Matos, Isabel Flores, Susana Martins, The Proceedings of the 2nd International Conference on Education Research 2025 includes academic research papers, PhD research papers, Master's Research papers and work in progress papers which have been presented and discussed at the ICER 2025 conference. The proceedings are of an academic level appropriate to a professional research audience including graduates, post graduates, doctoral and post doctoral researchers. All papers have been double blind peer reviewed by members of the Review Committee.

"Free AI Tools for Teachers 2025" Deepak D, 2025-09-18 Teaching has always been about balance: balancing lessons, grading, parent communication and the unique needs of every student. However, in 2025, maintaining that balance is more challenging than ever. Teachers are stretched thin and the demands of modern classrooms can feel overwhelming. That's where artificial intelligence (AI) comes in. But let me be clear: this book isn't about replacing teachers with robots or adding more technology headaches to your plate. It's about introducing you to free, easy-to-use AI tools that can reduce your workload, spark creativity and free up time for what matters: connecting with your students. When I started researching AI in education, I was amazed by how many powerful tools were available at no cost. Teachers were using them to draft lesson plans in minutes, generate practice quizzes, provide personalised feedback and even keep their classrooms more organised. The more I explored, the clearer it became: every teacher deserves access to these tools and, most importantly, guidance on how to use them effectively.

Leveraging Today's Social Media Mark D. Benigni, Barbara A. Haefner, Susan O. Moore, Jeffrey F. Solan, 2025-12-11 Leveraging Today's Social Media: Its Role in School District Improvement and Success chronicles the experiences of two superintendents, Mark Benigni and Jeff Solan, as they navigate the challenges and opportunities of social media in their respective school districts. Acknowledging the concerns surrounding online safety and digital citizenship, the authors emphasize the crucial role of education in empowering students to thrive in the digital age. Explore how schools can leverage social media to enhance student learning, from showcasing student work and facilitating college connections to improving communication with families and fostering community engagement. It provides practical guidance on implementing digital citizenship programs, developing appropriate social media policies and harnessing the power of online platforms for recruitment, professional development and operational efficiency. Through their shared insights and real-world examples, Benigni and Solan offer a

valuable resource for educators seeking to navigate the complexities of social media and unlock its potential to transform teaching and learning They encourage exploring social media s potential in various school functions before jumping on the ban wagon
