Creator's Economy in Metaverse Platforms: Empowering Stakeholders Through Omnichannel Approach Singla, Babita, Shalender, Kumar, Singh, Nripendra, 2024-02-26 In the era of the metaverse a big challenge permeates the digital landscape a challenge that resonates both with creators seeking to thrive in this dynamic space and policymakers attempting to navigate its uncharted territories Creators driven by innovation grapple with a myriad of uncertainties in monetizing their virtual content effectively Simultaneously policymakers find themselves at a crossroads caught between the rapid evolution of the virtual realm and the lack of clear regulatory guidelines This struggle is exacerbated by the issue of cybersecurity threats that cast a shadow over the metaverse's transformative potential It is within this context of challenges that Creator's Economy in Metaverse Platforms emerges poised to tackle the pressing issues at the intersection of creativity regulation and the ever expanding metaverse Creator's Economy in Metaverse Platforms dissects analyzes and offers solutions to the multifaceted challenges prevailing in the metaverse By addressing fundamental questions about the creator economy the elusive concept of the metaverse economy and the indispensable role policymakers play the book provides a holistic understanding of the landscape Delving into topics such as stakeholder engagement digital asset management and the intricacies of various monetization models it equips readers with actionable insights Not content with a reactive approach the book takes a proactive stance offering solutions to foster interoperability and create an ecosystem where creators and policymakers can mutually thrive It envisions not just a book but a catalyst for transformative

change in the metaverse Omnichannel Approach to Co-Creating Customer Experiences Through Metaverse Platforms Singla, Babita, Shalender, Kumar, Singh, Nripendra, 2024-03-04 Academia is grappling with a pressing challenge in the 21st century that mirrors the seismic shifts taking place in the business world. These two sides of one issue are both asking the same question: how can we seamlessly incorporate metaverse platforms into the complex web of omnichannel business models? Scholars and academics are confronted with the urgent need to understand and adapt to this new digital frontier. With the rise of metaverse technologies, the boundaries between physical and virtual realms are blurring, making it increasingly vital for scholars to bridge the gap between theory and practical application. This challenge not only touches on the fields of marketing, finance, HR, supply chain, and economics but also extends to the broader implications for industries and customer experiences as we know them. At the forefront of addressing this formidable challenge is *Omnichannel Approach to Co-Creating Customer Experiences Through Metaverse Platforms*. This groundbreaking book tackles this pressing issue head-on, offering a comprehensive solution to the challenges that academic scholars face. By providing a holistic perspective that covers a multitude of disciplines, the book demystifies the complexities of integrating metaverse platforms into omnichannel business models. It offers a roadmap not only for understanding these emerging technologies but also for harnessing their transformative power to create immersive and empowered customer experiences. **Digital Public Relations and Marketing Communication Trends in Africa** Anne W. Njathi, Brandi Watkins, 2024-06-07 The uptake of digital media platforms necessitates the need to understand how digital cultures of consumers and brands are unfolding. Despite the increase in usage and adoption of the internet in Africa, there is limited information about digital marketing trends on the continent. This book is among the first to present an edited collection of chapters on digital and influencer marketing authored by many who are either from or have close ties to Africa. This book showcases digital marketing trends in Africa that are burgeoning at the same speed as the uptake of technology in the continent. With this in mind, the contributors seek to interrogate digital marketing trends in two stages: the status of digital marketing on the African continent, including cases from Nigeria, Egypt, Uganda, and Kenya; and an analysis of the rise of influencer marketing, including cases from Nigeria and Uganda. This book will explore factors driving the increase in digital media platforms in Africa, as well as an analysis of the implications of the growth in digital marketing using various theoretical and methodological underpinnings to probe trends. *Digital Public Relations and Marketing Communication Trends in Africa* provides significant implications for marketing scholars and researchers and will be relevant to those looking to understand the opportunities and challenges ahead. **Ecologies of Creative Music Practice** Matthew Lovett, 2023-12-13 *Ecologies of Creative Music Practice: Mattering Music* explores music as a dynamic practice embedded in contemporary ecological contexts, one that both responds to and creates change within the ecologies in which it is created and consumed. This highly interdisciplinary analysis includes theoretical and practical considerations from blockchain technology and digital platform commerce to

artificial intelligence and the future of work to sustainability and political ecology as well as contemporary philosophical paradigms guiding its investigation through three main lenses How can music work as a conceptual tool to interrogate and respond to our changing global environment How have transformations in our digital environment affected how we produce distribute and consume music How does music relate to matters of political ecology and environmental change Within this framework music is positioned as a starting point from which to examine a range of contexts and environments offering new perspectives on contemporary technological and ecological discourse Ecologies of Creative Music Practice Mattering Music is a valuable text for advanced undergraduates postgraduates researchers and practitioners concerned with producing performing sharing and listening to music
