Salloum,Mohammed Al-Saidat,Ahmed Aburayya,Babeet Gupta,2024-03-29 This book aims to bring together a collection of innovative and cutting edge research that addresses the various challenges in the application and theoretical aspects of ChatGPT in education ChatGPT is a large language model developed by OpenAI that has the ability to generate human like text based on a prompt This has significant potential for use in the field of education as it allows for the creation of personalized interactive learning experiences automating assessment and grading and more In e learning ChatGPT is used to provide instant feedback and support to

students as well as generate interactive conversations in the target language for language learning. It is also integrated with existing learning management systems and educational technology platforms to enhance their capabilities. In research, ChatGPT is used for natural language processing and sentiment analysis to gather insights on student learning experiences and educational outcomes. However, it is important to note that there are also ethical and privacy concerns that come with using language models like ChatGPT in education, such as data protection and the potential for bias. Overall, the use of ChatGPT in education has the potential to revolutionize the way we learn, teach, and access information. The book seeks to publish original manuscripts that cover a broad range of topics from the development of new chatbot technologies and their integration into the classroom to the examination of the ethical and pedagogical implications of these systems. By compiling the latest developments in the field and highlighting new areas for exploration, this book provides valuable insights and perspectives for researchers, educators, and practitioners working in the field of ChatGPT and education. The ultimate goal is to advance the understanding of ChatGPT and its role in education and to promote its effective and responsible use in the classroom and beyond.

Introduction to Information Systems R. Kelly Rainer, Brad Prince, 2023-09-20. *Introduction to Information Systems* 10th Edition teaches undergraduate business majors how to use information technology to master their current or future jobs. Students will see how global businesses use technology and information systems to increase their profitability, gain market share, develop and improve their customer relations, and manage daily operations. This course demonstrates that IT is the backbone of any business, whether a student is majoring in accounting, finance, marketing, human resources, production, operations management, or MIS. In short, students will learn how information systems provide the foundation for all modern organizations, whether they are public sector, private sector, for profit, or not for profit.

Proceedings of the 12th Annual Generalized Intelligent Framework for Tutoring (GIFT) Users Symposium (GIFTSym12) Benjamin Goldberg, 2024-08-16. Welcome to the Proceedings of the 12th Annual GIFT User Symposium. This year we are celebrating 12 years of GIFT Symposiums and have accepted 12 papers for publication. All of the presentations and the papers in this volume show the versatility of the Generalized Intelligent Framework for Tutoring (GIFT) and the work that is being done with GIFT. GIFT is an open source intelligent tutoring system (ITS) architecture that is freely available online at GIFTtutoring.org. There are both Cloud and Downloadable versions of GIFT. GIFT has been developed with multiple goals in mind, including supporting ITS research and simplified creation of ITSs and Adaptive Instructional Systems (AISs). Our fantastic team and our program committee did a great job supporting the development of GIFTSym12, reviewing papers, and assisting with the facilitation of the event this year. We want to recognize them for their efforts: Benjamin Goldberg, Gregory Goodwin, Anne Sinatra, Michele Myers, Alexandra Lutz, Randall Spain, Lisa N. Townsend. We were very pleased to have GIFTSym11 return to being an in-person event this year. Additionally, this was our first year offering a hybrid option for attendees. We are very happy that both modalities were well attended.

Reinventing Blogging with ChatGPT Laua Maya, 2023-05-12

Reinventing Blogging with ChatGPT is a comprehensive guidebook for bloggers and authors seeking to enhance their content creation workflow through the use of AI language model ChatGPT. The book provides a clear and concise overview of the entire process from identifying target audiences and niches to sharing posts on social media and evaluating blog performance. What sets this book apart is its focus on writing from prompts. To aid bloggers in generating fresh and creative ideas, the authors provide various sentence, multiple sentence, and conversation prompts throughout the book. These prompts are designed to complement specific chapters such as Creating Your Blog's Mission Statement and Brainstorming Blog Post Topics and can help bloggers who may be struggling to come up with ideas. In addition to prompts, the book covers other essential aspects of blogging such as search engine optimization, SEO, affiliate marketing, and social media promotion. The authors offer actionable advice and tactics on how to increase visibility and readership through strategic use of these tools. For instance, in the chapter Inserting Strategic Links and Affiliate Links, the writers provide best practices for incorporating affiliate links to monetize blogs without sacrificing writing integrity. The book also devotes several chapters to leveraging ChatGPT to improve the content development process. The authors provide an overview of ChatGPT and explain how to use it for generating topic ideas, refining writing, and creating attention-grabbing headlines. The prompts offered throughout the book make it easy for bloggers to produce high-quality content quickly and easily. Another key feature of the book is its focus on reader engagement. The authors offer practical advice on developing relationships with and maintaining interest from the target audience. The section Interacting with Your Audience details how bloggers can encourage conversation and feedback through comments and other tools. Finally, the book concludes with a chapter on performance analysis. The authors provide guidance on measuring the success of blog content using metrics such as readership and time spent on site. By monitoring these statistics, bloggers can identify what is working and what is not, leading to better content and higher rankings. In conclusion, Reinventing Blogging with ChatGPT is an invaluable resource for bloggers and authors seeking to improve their content creation process and attract a larger readership. The book's emphasis on writing from prompts and practical advice for audience engagement and performance analysis make it a must-read for bloggers of all skill levels.
