,1924 Student Self-Evaluation: Fostering Reflective Learning Jean MacGregor,1993 For several decades college teachers have been asking students to engage in self evaluation to reflect on their academic work and describe and evaluate it in writing Student self evaluation is both a process consisting of acts of reflecting composing and writing and a product a writtten document Student self evaluation does not obviate the need for student exams and papers crucial indicators of student mastery of material or complexity of thinking Rather student self evaluation supplements and complements that information by asking students to describe in their own words their learning and its value to them This writing and the conversations that faculty members and students have about it can be instructional illuminating and at times transformative Student self evaluation is primarily a learning strategy but it is also a promising assessment approach while enriching learning for students it also can help teachers and institutions learn about student learning This volume of New Directions for Teaching and Learning introduces the many forms of student self evaluation in undergraduate teaching settings and describes how student self evaluation creates connections between learners and learning knowers and the known and the self and the mind This is the 56th issue of the quarterly journal New Directions for Teaching and Learning For more information on the series please see the Journals and Periodicals page *The World Review* ,1927 **Journal of**
