There are many challenges to living a nomadic lifestyle even for only short periods of time. We talk about dealing with different cultures, languages, customs, and also practical considerations like electrical standards, SIM cards, and metric versus Imperial measurements. We cover drugs, local transportation, sexual orientation, and numerous other subjects you need to think about before beginning your adventures in foreign lands, although many of the subjects covered are also applicable to expats looking to move permanently to another country. We don't cover things like obtaining a second passport or tax considerations. Inside you'll discover how to create sustainable remote income sources that fund your adventures. Diversify your investment portfolio for maximum growth and security. Scale your wealth while maintaining your freedom and flexibility. Start building lasting wealth today and turn your travel dreams into a financially secure reality.
