Day Job A Workplace Reader For The Restless Age:

Day Job Jon Baird, 2000-10-06 It's 9:34 a.m. Do you know where your career is headed? Do you have one? More likely you'd never call what you do from 9 to 5 a career. You'd call it your day job. And what if you were given a single day to record it all, to ask the important questions about life and career to air out your strongest and most private opinions and thoughts, what would you say? That's the question that has been put to customer service rep Mark Thornton. And his answer is *Day Job*, a darkly comic high velocity run through the modern workplace. **Slackonomics** Lisa Chamberlain, 2008-07-08 Why Gen Xers waiting for Boomers to retire have made the choices they have and how their creativity can save us from economic ruin.
