Daydreams And Nightmares Czech Communist And Ex Communist Literature 1917 1987 East European Monographs:

Daydreams and Nightmares Peter Hruby,1990 Focusing on the lives and work of some thirty prominent Czech writers this book examines their reasons for entering the Communist Party and their experiences which led some to collaborate and others to execution suicide or repudiation of the Party Dystopian Fiction East and West Erika Gottlieb,2001-07-04 Gottlieb juxtaposes the Western dystopian genre with Eastern and Central European versions introducing a selection of works from Russia Poland Hungary and Czechoslovakia She demonstrates that authors who write about and under totalitarian dictatorship find the worst of all possible worlds not in a hypothetical future but in the historical reality of the writer s present or recent past Against such a background the writer assumes the role of witness protesting against a nightmare world that is but should not be She introduces the works of Victor Serge Vassily Grossmam Alexander Zinoviev Tibor Dery Arthur Koestler Vaclav Havel and Istvan Klima as well as a host of others all well known in their own countries presenting them within a framework established through an original and comprehensive exploration of the patterns underlying the more familiar Western works of dystopian fiction *Cold War Books in the 'Other' Europe and What Came After* Jiřina Šmejkalová,2010-11-19 Drawing on analyses of the socio cultural context of East and Central Europe with a special focus on the Czech cultural dynamics of the Cold War and its aftermath this book offers a study of the making and breaking of the centrally controlled system of book production and reception It explores the social material and symbolic reproduction of the printed text in both official and alternative spheres and patterns of dissemination and reading Building on archival research statistical data media analyses and in depth interviews with the participants of the post 1989 de centralization and privatization of the book world it revisits the established notions of censorship and revolution in order to uncover people s performances that contributed to both the reproduction and erosion of the old regime The American Bibliography of Slavic and East European Studies Patt Leonard,Rebecca Routh,2020-02-27 This bibliography first published in 1957 provides citations to North American academic literature on Europe Central Europe the Balkans the Baltic States and the former Soviet Union Organised by discipline it covers the arts humanities social sciences life sciences and technology

The Czech Reader Jan Bažant,Nina Bažantová,Frances Starn,2010-12-13 Frances Starn is a writer living in Berkeley California Book Jacket *Dangerous Dreamers* Peter Hruby,Petr Hrubý,2010 Australian spy Ian Milner was suspected of working for Soviet and Czechoslovak secret services on four continents He served at the United Nations in New York and the FBI followed him day and night before eventually declaring he was not a spy But secret documents from Prague show he was spying all along Wilfred Burchett claimed to be an independent Australian journalist He wrote dozens of books and Prague documents prove that he was a secret member of the Communist Party of Australia He also worked for Soviet Korean Chinese and Vietnamese secret services Drawing upon past secret documents of Australian Czechoslovak and U S secret

agencies along with important Soviet records historian and professor Peter Hruby who grew up under Communist rule and taught in Australia for decades uncovers the secrets of the ideology and its manipulative advocates Along with the stories of spies previously unknown or overlooked also discover How Communists pushed for revolution in Australia The role of writers and artists in the struggle How terrorists and politicians influenced the movement And much more Uncover the secrets of history and discover the truth about Communism and its role in Australia in Dangerous Dreamers Eastern Europe, 1986-1993 Robert H. Burger, Helen F. Sullivan, 1995-12-15 Describing approximately 1 000 books published between 1986 and late 1993 this work provides readers with a selective guide to English language publications on the subject of Eastern Europe It covers general studies of the area as well as works on the individual countries of Albania Bulgaria the former Czechoslovakia the former German Democratic Republic East Germany Hungary Poland Romania and the former Yugoslavia In addition to bibliographic and descriptive information the authors also include citations to book reviews A companion to their Russia and the Former Soviet Union Libraries Unlimited 1994 this volume also focuses on the social sciences and the humanities As interest about this part of the world continues to build and English language publications about it proliferate Burger and Sullivan s guide is a pertinent addition to academic and public library collections

The Struggle for the Soul of the Nation Bradley F. Abrams, 2005-11 The material effects of World War II in combination with Eastern Europe s disappointingly undemocratic interwar history placed radical social change on the postwar agenda across the region and shaped the debates that took place in immediate postwar Czech society These debates adopted both a cultural form in struggles over the meaning of the recent past and the nation s position on the East West continuum and a directly political form in battles over the meaning of socialism The *Struggle for the Soul of the Nation* examines the most important and politically resonant fields of historical and cultural debate in Czech society immediately after World War II Bradley Abrams finds that communist public figures were largely successful in controlling debate over the nation s recent past_ the interwar First Republic and the experiences of Munich and World War II_ and over its location on the EastWest continuum This success preceded and was mirrored in the struggles over the political issue of the times socialism The communists engaged their political foes in the democratic socialist and Roman Catholic camps and surprisingly found significant support from a major Protestant church Abrams s careful reading of major publications re creates a postwar mood sympathetic to radical social change questioning the standard view of the communists rise to power This book not only contributes to the specific literature on Czech history but also raises questions about the relationship between war and radical social change about the communist takeover of the region and about the role of intellectuals in public life
