## Days Of The Tong Wars:

**Days of the Tong Wars** C. Y. Lee, 1974      *Tong Wars* Scott D. Seligman, 2016 *Tong Wars* is historical true crime set against the perfect landscape Chinatown New York City Chinese rival tongs secret societies each lauded over illegal markets such as gambling and prostitution and nothing could shut them down Not threats or negotiations not prison not even executions Pretty soon Chinese were slaughtering one another in the streets inaugurating a succession of wars that raged for the next 30 years This is the true account of these wars turf wars fuelled by gangsters and drug lords prostitutes judges and cops      Organizing Crime in Chinatown Jeffrey Scott McIlwain, 2014-10-01 More than a century ago organized criminals were intrinsically involved with the political social and economic life of the Chinese American community In the face of virulent racism and substantial linguistic and cultural differences they also integrated themselves successfully into the extensive underworlds and corrupt urban politics of the Progressive Era United States The process of organizing crime in Chinese American communities can be attributed in part to the larger politics that created opportunities for professional criminals For example the illegal traffic in women laborers and opium was an unintended consequence of yellow peril laws meant to provide social control over Chinese Americans Despite this hostile climate Chinese professional criminals were able to form extensive multiethnic social networks and purchase protection and some semblance of entrepreneurial equality from corrupt politicians police officers and bureaucrats While other Chinese Americans worked diligently to remove racist laws and regulations Chinatown gangsters saw opportunity for profit and power at the expense of their own community Academics the media and the government have claimed that Chinese organized crime is a new and emerging threat to the United States Focusing on events and personalities and drawing on intensive archival research in newspapers police and court documents district attorney papers and municipal reports as well as from contemporary histories and sociological treatments this study tests that claim against the historical record      *California Babylon* Kristan Lawson, Anneli Rufus, 2013-09-24 California the whole world knows it as the mother lode of scandal and celebrity mayhem and miracles a place where nearly anything can happen and does Giving the lowdown on the most notorious locations across the state California Babylon redefines tourism for the 21st century by guiding you to the places you actually want to see whether you ll admit to it or not Packed with photographs and with easy to follow directions to each site California Babylon unveils the real life filming locations scenes of rock n roll debauchery homes and hotspots where the stars lived dined made love and died and where they still do today With this detailed up to date guide you can revisit some of the most shocking puzzling glamorous and tragic moments the world has ever known Spend the night in the very hotel rooms where Janis Joplin John Belushi or Hawaii s King Kamehameha died See the site where People s Temple leader Jim Jones whipped hundreds of followers into a frenzy Visit the orphanage where little Norma Jeane Baker dreamed of stardom Follow in the footsteps of serial killers Recreate the camera angles for dozens of your favorite films from *Vertigo* to *Pee Wee s Big Adventure* With California Babylon s help you can also see infamous

crime scenes the homes of screen legends graves of the rich and famous assassination sites abandoned utopias restaurants and bars frequented by celebrities Forget the endless malls and beaches Wouldn't you rather see JFK's secret love nest the stage where Michael Jackson's hair burst into flames or the alley that was the epicenter of prostitution in gold rush era San Francisco These are the guilty pleasures you'll actually write home about and they're what make California the wacky world famous and truly unbelievable place it is today

Iced Stephen Schneider, 2009-12-09 You're lucky he didn't have an ice pick in his hands I know how this guy performs Mobster Paul Volpe speaking about a Buffalo mafia enforcer named Cicci Canada is lauded the world over as a law abiding peaceful country a shining example to all nations Such a view also shared by most Canadians is typically naive and misinformed Throughout its history to present day and beyond Canada has been and will continue to be home to criminals and crime organizations that are brilliant at finding ways to make money a lot of money illegally

Iced The Story of Organized Crime in Canada is a remarkable parallel history to the one generally accepted and taught in our schools Organized crime has had a significant impact on the shaping of this country and the lives of its people The most violent and thuggish outlaw motorcycle gangs like Hells Angels have been raised to mythic proportions The families who owned distilleries during Prohibition such as the Bronfmans built vast fortunes that today are vested in corporate holdings The mafia in Montreal created and controlled the largest heroin and cocaine smuggling empire in the world feeding the insatiable appetite of our American neighbours Today gangs are laying waste the streets of Vancouver and BC bud flows into the U.S. as the marijuana of choice Organized crime is as old as this nation's founding with pirates ravaging the east coast even as hired guns by colonial governments Since our nation's earliest times government and crime groups have found that collusion can

have its mutual benefits Comprehensive informative and entertaining as you will discover in the remarkable period pieces devised by the author and the illustrations commissioned specially for this book Iced is a romp across the nation and across the centuries In these pages you will meet crime groups that are at once sordid and inept yet resourceful entrepreneurs and self proclaimed champions of the underdog who operate in full sight of their communities and the law This is the definitive book on organized crime in Canada and a unique contribution to our understanding of Canadian history Day of Fortune
