Dayuma Story Life Under Auca Spears:

The Dayuma Story Ethel Emily Wallis, 2013-10 This is a new release of the original 1960 edition **The Dayuma Story** Ethel Emily Wallis, 2009-07 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work The Dayuma Story Ethel Emily Wallis, 1965 Fluent Selves Suzanne Oakdale, Magnus Course, 2014-11-01 Fluent Selves examines narrative practices throughout lowland South America focusing on indigenous communities in Brazil Chile Ecuador and Peru illuminating the social and cultural processes that make the past as important as the present for these peoples This collection brings together leading scholars in the fields of anthropology and linguistics to examine the intersection of these narratives of the past with the construction of personhood The volume s exploration of autobiographical and biographical accounts raises questions about fieldwork ethical practices and cultural boundaries in the study of anthropology Rather than relying on a simple opposition between the Western individual and the non Western rest contributors to Fluent Selves explore the complex interplay of both individualizing as well as relational personhood in these practices Transcending classic debates over the categorization of myth and history the autobiographical and biographical narratives in Fluent Selves illustrate the very medium in which several modes of engaging with the past meet are reconciled and reemerge *Daughters of the Church* Ruth A. Tucker, Walter L. Liefeld, 2010-08-10 Rich in historical events and colorfully written this fascinating account of women in the church spans nearly two thousand years of church history It tells of events and aspirations determination and disappointment patience and achievement that mark the history of daughters of the church from the time of Jesus to the present The authors have endeavored to present an objective story The very fact that readers may find themselves surprised now and again by the prominent role of women in certain events and movements proves an inequality that historical narrative has often been guilty of This is a book about women It is a setting straight off the record a restoring of balance to history that has repeatedly played down the significance of the contributions of women to the theology the witness the movements and the growth of the church An exegetical study of relevant Scripture passages offers stimulating thought for discussion and for serious reevaluation of historical givens This volume is enriched by pictures appendixes bibliography and indexes Like many of the women whose stories it tells this book has a subdued strength that should not be underestimated *God in the Rainforest* Kathryn T. Long, 2019-01-10 In January of 1956 five young evangelical missionaries were speared to death by a band of the Waorani people in the Ecuadorian Amazon Two years later two missionary women the widow of one of the slain men and the sister of another with the help of a Wao woman were able to establish peaceful relations with the same people who had killed their loved ones The highly publicized deaths of the five men and the subsequent efforts to Christianize the Waorani quickly

became the defining missionary narrative for American evangelicals during the second half of the twentieth century God in the Rainforest traces the formation of this story and shows how Protestant missionary work among the Waorani came to be one of the missions most celebrated by Evangelicals and most severely criticized by anthropologists and others who accused missionaries of destroying the indigenous culture Kathryn T Long offers a study of the complexities of world Christianity at the ground level for indigenous peoples and for missionaries anthropologists environmentalists and other outsiders For the first time Long brings together these competing actors and agendas to reveal one example of an indigenous people caught in the cross hairs of globalization

Between Worlds Frances E. Karttunen, 1994 Spanning the globe and the centuries Frances Karttunen tells the stories of sixteen men and women who served as interpreters and guides to conquerors missionaries explorers soldiers and anthropologists These interpreters acted as uncomfortable bridges between two worlds their own marginality the fact that they belonged to neither world suggests the complexity and tension between cultures meeting for the first time Some of the guides were literally dragged into their roles others volunteered The most famous ones were especially skilled at living in two worlds and surviving to recount their experiences Among outsiders the interpreters found protection sustenance recognition intellectual companionship and employment yet most of the interpreters ultimately suffered tragic fates Between Worlds addresses the broadest issues of cross cultural encounters imperialism and capitalism and gives them a human face
