De Kooning Vite

Carolyn Lanchner

De Kooning Vite:

Willem De Kooning Willem De Kooning, Museo Carlo Bilotti, 2006 A publication displaying the late works of one of the most influential artists of the twentieth century De Kooning Harry F. Gaugh, Willem De Kooning, 1983 Willem de Kooning had a restless probing creativity pushing on from one style to the next The battle between abstraction and figuration was essential to his art as he moved from the profound black and white abstractions of the 1940s to the ferocious Women of the 1950s through the later landscapes and the final lyrical abstractions This richly illustrated volume offers a perceptive and sympathetic view of an artist who made some of the greatest art of this century The variety the inventiveness the sheer quality of de Kooning's work demand our attention and reward us with visual riches Book jacket **Willem de Kooning** Susan Lake, 2010 This in depth study of the paintings of Willem de Kooning 1904-1997 from the 1940s through the 1970s breaks new ground in its analysis of the artist's working methods and yields new information about previously unreported materials De Kooning's idiosyncratic working methods have long engendered intense speculation and debate among conservators and art historians primarily on the basis of visual inspection and anecdotal accounts rather than rigorous technical analysis This is the first systematic study of de Kooning's creative process to use comprehensive scientific examinations of the artist's pigments binders and supports to inform art historical interpretations thereby presenting a key to the complicated evolution of the artist's work Written for conservation scientists conservators specialists in modern art history museum curators and practicing artists this book offers insights into the way an artist can achieve radical changes in style The technical discussions will have practical applications for conservators curators collections managers and collectors who care for twentieth century art *Willem de Kooning* Paul Cummings, Willem De Kooning, 1983 Willem de Kooning Carolyn Lanchner, 2011 Willem de Kooning was a pioneering figure among Abstract Expressionists one of the most influential champions of the dynamic new painting that brought New York to the center of the international scene in the 1950s This book features ten paintings and drawings by de Kooning selected from The Museum of Modern Art's substantial collection of his work Together they trace the artist's career illustrating his much heralded debut exhibition in 1948 his sensational Woman series of the 1950s and 1960s and the serene works he made late in life An essay by Carolyn Lanchner a former curator of painting and sculpture at the Museum accompanies each work illuminating its significance and placing it in its historical moment in the development of modern art **Willem de Kooning** Marla Prather, Willem De Kooning, David Sylvester, Richard Schiff, 1994-01-01 Werk van de Amerikaanse kunstenaar van Nederlandse origine 1904 *Willem de Kooning* Willem De Kooning, Klaus Kertess, Robert Rosenblum, 1990 Willem de Kooning, the First Twenty-six Years in New York Sally Yard, 1986 **Willem de Kooning** Paul Cummings, Jörn Merkert, Claire Stoullig, Whitney Museum of American Art, 1983-01-01 An in depth study of the painting sculpture and drawings of the Dutch born artist based on an exhibit of de Kooning's work **De Kooning** Willem De Kooning, Bernhard Bürgi, Klaus Kertess, Ralph Uhl, 2005 Edited by Bernhard

Mendes Brgi Essays by Klaus Kertess Ralph Ubl and Bernhard Mendes Burgi *De Kooning*, 1967 Willem de Kooning, 1904-1997 Barbara Hess, Willem De Kooning, 2004 Dutch born American painter Willem de Kooning 1904 1997 was a leader of the Abstract Expressionist movement This text takes a look at his life and work **Willem de Kooning** Willem De Kooning, Klaus Kertess, 1998 Willem de Kooning 1904 1997 created several series of drawings over his long career as a pioneer of post war abstraction and yet despite his renown as a painter and draftsman there have been no publications to look at selected groups of his drawings in depth No other artist of his generation produced drawings so regularly or so superbly and this book presents four of de Kooning s drawing series affording a closer view of both the artist s working process and his constant reinvention of mark making The earliest series to be included *Folded Shirt on Laundry Paper* 1958 lays bare a panoply of mark making possibilities with brush and ink The second series consists of twenty four drawings from 1966 which the artist created with eyes closed Several charcoal drawings of the Crucifixion a subject unique for de Kooning comprise the third series A fourth series almost never seen consists of tracings made on large sheets of vellum rendered startlingly completely the artist s subsequent improvisations upon them *Willem de Kooning Nonstop* Rosalind E. Krauss, 2016-03-01 In the early 1950s Willem de Kooning s *Woman I* and subsequent paintings established him as a leading member of the abstract expressionist movement His wildly impacted brushstrokes and heavily encrusted surfaces baffled most critics who saw de Kooning s monstrous female image as violent aggressive and ultimately the product of a misogynistic mind In the image rich *Willem de Kooning Nonstop* Rosalind E Krauss counters this view with a radical rethinking of de Kooning s bold canvases and reveals his true artistic practices Krauss demonstrates that contrary to popular conceptions of de Kooning as an artist who painted chaotically only to finish abruptly he was in fact constantly reworking the same subject based on a compositional template This template informed all of his art and included a three part vertical structure the projection of his male point of view into the painting or sculpture and the near universal inclusion of the female form which was paired with her redoubled projection onto his work Krauss identifies these elements throughout de Kooning s oeuvre even in his paintings of highways boats and landscapes *Woman* is always there A thought provoking study by one of America s greatest art critics *Willem de Kooning Nonstop* revolutionizes our understanding of de Kooning and shows us what has always been hiding in plain sight in his work Willem de Kooning, 2014-10-14 This catalogue of an exhibition held at Gagosian Gallery New York highlights the critical three year period 1983 1985 in the last decade of de Kooning s long career during which he radically transformed his style The paintings in this catalogue were selected by John Elderfield curator of the widely acclaimed full scale retrospective of de Kooning s work held at MoMA in 2011 12 Of the works of this period Elderfield observed De Kooning truly reinvented himself in these extraordinary canvases They remain not only spatially complex but also extremely physical pictures both visually open and densely embodied Elderfield s essay discusses ten themes in de Kooning s work specific to these paintings The book also includes texts by five painters reflecting on de Kooning

s late works **Willem de Kooning** Willem De Kooning,2002 *Willem De Kooning* Willem De Kooning,2000 Willem de Kooning Willem De Kooning,Walker Art Center,1974 Drawings Willem De Kooning,1972 **Willem de Kooning** Willem De Kooning,Gary Garrels,Robert Storr,San Francisco Museum of Modern Art,1995 Published in conjunction with an exhibition of the same name organized by the San Francisco Museum of Modern Art and the Walker Art Center in Minneapolis and scheduled to appear as well in museums in Bonn Rotterdam and New York during 1996 and 1997 Until now the 1980s paintings have been seen only in a handful of gallery exhibitions or in the context of large museum surveys this presentation allows study of the distinguishing qualities of these late paintings and the thoroughly researched essays explore the complex issues surrounding de Kooning s affliction with Alzheimer s disease Annotation copyright by Book News Inc Portland OR

Unveiling the Energy of Verbal Artistry: An Psychological Sojourn through **De Kooning Vite**

In a world inundated with displays and the cacophony of instant interaction, the profound energy and psychological resonance of verbal art usually disappear into obscurity, eclipsed by the constant barrage of sound and distractions. However, situated within the musical pages of **De Kooning Vite**, a captivating work of literary beauty that pulses with fresh feelings, lies an wonderful journey waiting to be embarked upon. Published by a virtuoso wordsmith, that mesmerizing opus courses viewers on a mental odyssey, delicately revealing the latent possible and profound affect embedded within the complex web of language. Within the heart-wrenching expanse with this evocative analysis, we shall embark upon an introspective exploration of the book is main styles, dissect their interesting writing fashion, and immerse ourselves in the indelible impression it leaves upon the depths of readers souls.
