Killing the Dead John Blair,2025-09-09 A riveting history of vampire panics across cultures and down through the millennia and why killing the dead is better than killing the living Killing the Dead provides the first in depth global account of one of the world s most widespread yet misunderstood forms of mass hysteria the vampire epidemic In a spellbinding narrative John Blair takes readers from ancient Mesopotamia to present day Haiti to explore a macabre frontier of life and death where corpses are believed to wander or do harm from the grave and where the vampire is a physical expression of society s inexplicable terrors and anxieties In 1732 the British public opened their morning papers to read of lurid happenings in eastern Europe Serbian villagers had dug up several corpses and had found them to be undecayed and bloated with blood Recognizing the marks of vampirism they mutilated and burned them Centuries earlier the English themselves engaged in the same behavior In fact vampire epidemics have flared up throughout history in ancient Assyria China and Rome medieval and early modern Europe and the Americas Blair blends the latest findings in archaeology anthropology and psychology with vampire lore from literature and popular culture to show how these episodes occur at

traumatic moments in societies that upend all sense of security and how the European vampire is just one species in a larger family of predatory supernatural entities that includes the female flying demons of Southeast Asia and the lustful yogins of India. Richly illustrated, *Killing the Dead* provocatively argues that corpse killing far from being pathological or unhealthy served as a therapeutic and largely harmless outlet for fear, hatred and paranoia that would otherwise result in violence against marginalized groups and individuals.

Walking in Cities Jasper Joseph-Lester, Ahuvia Kahane, Simon King, Esther Leslie, 2024-09-30 This book brings together an international group of artists and writers to respond to the question of how our new world orders force us to reconsider urban walking and urban spaces in ways which extend into the digital sphere of online dialogue and screen sharing. In their reflections on walking cities in lockdown, the artists and writers contributing to this book share a number of complementary themes. Key to this is the question of how we walk in post-pandemic cities and how such walking might motivate or be motivated by transgressive, atomised or collective thoughts, affects, relations and experiences. Here we see how navigating cities in lockdown requires us to re-territorialise, improvise, create and de- or re-politise. There is, for example, a clear distinction between the severe lockdown measures that were introduced in Cape Town and the liberal appeal to good citizenship that northern hemisphere cities such as Stockholm chose to rely on. These measures impact on the way we experience urban walking and in each case lead to deeper reflections about the heightened presence of ideological structures embedded within the urban.

I Choose Life Sol, Goldie Finkelnstein, Jerry L. Jennings, 2009-03-19 *I Choose Life* is the true first person account of two Jewish youths, Sol and Goldie, who survived Nazi concentration camps and transcended despair by choosing life. The book title derives from a harrowing encounter between Sol and the Commandant in Auschwitz. The Nazi cruelly forced Sol to choose between execution by hanging or firing squad. Sol, then 19 years old, defied him, declaring, 'If I have a choice, I choose life.' Goldie Cukier, a 13-year-old girl, and her older sister were rounded up in a random raid in their neighborhood. An SS guard gave Goldie's father the choice of freeing only one of his two daughters. Goldie volunteered to be taken so that her sister would be spared. It was the last she would ever see her family alive. *I Choose Life* describes idyllic childhoods in Radom and Sosnowiec, Poland, in warm and loving families imbued with Jewish pride and values, years of darkness, suffering, separation, loss and death, raids, selections, forced labor camps, cattle cars and death marches, and survival in Auschwitz, Mauthausen and Bergen-Belsen. Sol says, 'A sane person cannot imagine what it was like.' For years, Sol and Goldie never shared their stories, not even with each other. Now they have decided to tell their stories to leave a legacy to their grandchildren and to help ensure the Holocaust is never repeated. Sol's story is full of adventure and suspense, while Goldie's narrative draws the reader into the poignancy of a young girl's inner world as she is torn from her family by the Nazis. *I Choose Life* is two complete and parallel memoirs of survival and rebirth. Together, the two memoirs of *I Choose Life* illuminate the Holocaust experience in a unique way, offering both male and female perspectives, one told by a person of action and one by a person of feeling, to yield insights into the

most monumental tragedy in human history *I Choose Life* is distinguished as a Holocaust testament not only because it is two complete memoirs of a boy and a girl but ultimately because the two stories entwine as Sol and Goldie meet in a Displaced Persons camp in post war Germany The book explores the challenges of restoration and rebirth how two youths regained the ability to trust and love to rebuild new lives after unimaginable losses and to move to another continent to start a new family and live the American dream In one of the most peculiar and fascinating chapters of modern Jewish history Sol and Goldie tell the story of how hundreds of Jewish concentration camp survivors from Europe found an unexpected new Zion in rural Vineland Jersey as a community of chicken farmers *I Choose Life* is also distinguished by its reliance on historical documents With the help of the research resources of the United States Holocaust Memorial Museum Sol and Goldies son Joseph was able to access original historical records which have become newly available to survivors in search of answers about themselves and family members lost in the Holocaust These documents some of which are reproduced in the book enabled Joseph to verify and discover new facts and details including the name and location of a secret V2 rocket factory dates of prisoner transports arrival dates at different camps and lists of prisoners in which Sols and Goldies names appear Through an emotional journey *I Choose Life* describes the moving discovery of the final events and fate of Sols father Jacob Finkelstein following his separation from Sol just a week before liberation in Mauthausen concentration camp Through research by Joseph Sol finally learned while this book was being completed of the existence of his fathers unmarked grave in Austria This astounding discovery gave Sol and his family emotional closure after from 60 years of uncertain guilt that Sol carried with him since the day he and *Halloween and Spooky Stories of the Night* Hseham Amrahs,2024-01-04 Fictional Halloween and Spooky Stories is a collection of tales that have been carefully selected to transport readers into the eerie and mysterious world of Halloween These stories are designed to entertain and frighten readers of all ages providing a spine tingling reading experience that will keep readers on the edge of their seats One of the things that makes this collection so special is how it captures the spirit of Halloween These stories are not just scary for the sake of being scary they are infused with the atmosphere and ambiance of the holiday From the dark and stormy nights to the howling of wolves in the distance these stories will transport you to the world of Halloween and all its spooky delights *Fictional Halloween and Spooky Stories* Amrahs Atina ,2025-01-21 Fictional Halloween and Spooky Stories is a collection of tales that have been carefully selected to transport readers into the eerie and mysterious world of Halloween These stories are designed to entertain and frighten readers of all ages providing a spine tingling reading experience that will keep readers on the edge of their seats One of the things that makes this collection so special is how it captures the spirit of Halloween These stories are not just scary for the sake of being scary they are infused with the atmosphere and ambiance of the holiday From the dark and stormy nights to the howling of wolves in the distance these stories will transport you to the world of Halloween and all its spooky delights This collection is perfect for those who love to be scared but also for those who simply enjoy a good story
