Zarathustra: A God That Can Dance Osho,2023-03-08 FRIEDRICH NIETZSCHE is perhaps the greatest philosopher the world has known He is also great in another dimension which many philosophers are simply unaware of he is a born mystic His philosophy is not only of the mind but is rooted deep in the heart and some roots even reach to his very being The only thing unfortunate about him is that he was born in the West hence he could never come across any mystery school He contemplated deeply but he was absolutely unaware about meditation His thoughts sometimes have the depth of a meditator sometimes the flight of a Gautam Buddha but these things seem to have happened spontaneously to him **Thinking as Sport and Dance** Gary Anthony Catona,2008-11-19 This is what a philosophy book should be like exciting surprising mind opening honest and original Alphonso Lingis Professor Emeritus of Philosophy Pennsylvania State University Thinking as Sport and Dance will not only teach that real thinking is an amazing adventure into the greatest mysteries and experiences of life but will also reveal thinking as a grand celebration of life To know the real glory of thinking you must understand its two basic dimensions the qualities that make it similar to sports and those that relate it to dance Artful thinking is like a sport because it s goal oriented analytical rule bound and confrontational Besides pursuing knowledge with the attitude of a dedicated sportsperson artful thinkers also engage reality in the spirit of dance where thinking becomes spontaneous intuitive playful and harmonious Thinking at its best emerges when the mind of an athlete and that of a dancer live together competitively and playfully in the same mind When this happens beautiful thought performances result Thinking as Sport and Dance is a critical tool for addressing and resolving life s many complexities as well as a guide to embracing life with gusto and joy **I Say Unto You** Osho,2013-12-10 What if Jesus were not a supernatural being conceived by a virgin but a real human being who had experienced the awakening of consciousness known as enlightenment in the East This extraordinary line by line commentary on selected Gospels from Matthew and John tests the hypothesis that Jesus was a mystic not a miracle worker of supernatural origin Osho convincingly makes the case that the stories of Jesus life were never meant to be a factual record of history but rather are teaching parables designed to provide ongoing spiritual guidance for generations to

come I Say Unto You introduces us to a dynamic compassionate intelligent loving Jesus who speaks in a plain and simple way that everyone can understand This is not the long faced sad and tortured man often depicted down the centuries Osho looks with a crystal clear perception at Jesus work inviting us to see the parables and miracles as metaphors of the inner world He gives insight into Jesus own search and his journeys to the ancient mystery schools of Egypt Kashmir and Tibet that transformed him into one of the most evolved masters of the paths of love and meditation with insights that are still relevant for today s world
