THE DEAD PAST

*There's the old saying, "Let the dead
past bury its dead." But...how long does

Dead Past:

Interracial Lovers in Revolutionary China D. E. Mungello, 2023-07-14 In the twentieth century China underwent a monumental dynastic change and was transformed from an outmoded monarchy into a modern communist state This century of revolutionary change was marked by political upheaval and social chaos It was a period in which Chinese began to go abroad to study and conduct business while foreigners came to China for economic opportunity and adventure In the process Chinese and foreigners began to meet and form romantic relationships These love affairs fengliu yunshi are notable because they coincided with the last phase of Western imperialism including its lingering racial prejudices and even laws against interracial sexual relationships Conversely in China there were periodic outbreaks of hostility and violence against foreigners This book explores the interracial relationships of twenty two people who transcended these obstacles to cross color lines and fall in love

Comparative Postcolonialism in the Works of V.S. Naipaul and Toni Morrison Alshaymaa Mohamed Ahmed, 2022-07-07 Comparative Postcolonialism in the Works of V S Naipaul and Toni Morrison Fragmented Identities begins with an overview of its theoretical framework highlighting the intersectional relationship between postcolonial literature and comparative literature Tracing selected novels by Naipaul and Morrison the book takes as a starting point Fanon s three phase journey of the decolonizing process In the first phase of mimicry Naipaul s and Morrison s earlier novels represent the assimilation of indigenous people into dominant hegemonic cultures The second phase is envisioned as the re narration or re interpretation of the past and old legends of indigenous culture Morrison succeeds in asserting that her ancestors past is the only way to celebrate a cultural identity but Naipaul tends to criticize and neglect his past and his original indigenous culture The third phase marks the emergence of a revolutionary literature in which Naipaul and Morrison guide their people to hybridity as a new way of becoming and resisting the hegemonic dichotomies in dominant societies
