The Power of Voice in AI Writing Christine Masters-Wheeler, PH.D., 2024-10-15. If your blog posts, emails, reports, or video scripts sound like they've been generated by a bot, you risk losing your audience. The Power of Voice in AI Writing: Practical Strategies for Business Communication shows you how to use generative AI tools without losing your unique voice. In this practical guide, Christine Masters Wheeler explains the concept of voice and why it matters in writing. Featuring real-world examples, this book demonstrates how to keep your readers engaged when you use AI for writing anything from emails to web content. Covering more than just how to create prompts, The Power of Voice teaches you the concepts and methods that make AI-assisted writing sound authentic and relatable. Christine Masters Wheeler, Ph.D., is an associate professor of English at Francis Marion University in Florence, South Carolina. She holds a doctorate in English Rhetoric and Composition from Purdue University and specializes in writing and technology.

CHAPTER SUMMARIES: What Does AI Writing Sound Like? This chapter gives an overview of how to identify some common features of AI writing, such as repeated words and phrases, marketing copywriting formulas, and over-the-top adjectives. It explains how the concept of voice brings more humanity into the writing process when we use generative AI tools. Understanding Voice provides a definition of voice, applies Peter Elbow's concept of resonant voice to AI writing, and argues that voice matters when we want to convey authenticity in our writing. This chapter also helps readers understand what authentic voice means for them as they write in various contexts. AI Writing: Human Voice discusses the importance of audience, purpose, and genre in writing, before outlining three AI-assisted writing methods. The chapter also demonstrates how to develop a voice sample that can be used with AI prompts and provides sample prompting strategies. Content Writing with AI explains how readers can use generative AI to develop a brand voice, research topics and keywords, and apply the three AI writing methods to creating content. The chapters on Email Writing with AI and Report Writing with AI discuss conventions for each genre, before demonstrating how to use the three AI writing methods to create emails and reports that convey human presence. The Future of Voice offers ideas for how voice will continue to be important as we use more advanced versions of generative AI.
