The AI Con Emily M. Bender,Alex Hanna,2025-05-13 A smart incisive look at the technologies sold as artificial intelligence the drawbacks and pitfalls of technology sold under this banner and why it s crucial to recognize the many ways in which AI hype covers for a small set of power hungry actors at work and in the world Is artificial intelligence going to take over the world Have big tech scientists created an artificial lifeform that can think on its own Is it going to put authors artists and others out of business Are we about to enter an age where computers are better than humans at everything The answer to these questions linguist Emily M

Bender and sociologist Alex Hanna make clear is no they wish LOL and definitely not This kind of thinking is a symptom of a phenomenon known as AI hype Hype looks and smells fishy It twists words and helps the rich get richer by justifying data theft motivating surveillance capitalism and devaluing human creativity in order to replace meaningful work with jobs that treat people like machines In The AI Con Bender and Hanna offer a sharp witty and wide ranging take down of AI hype across its many forms Bender and Hanna show you how to spot AI hype how to deconstruct it and how to expose the power grabs it aims to hide Armed with these tools you will be prepared to push back against AI hype at work as a consumer in the marketplace as a skeptical newsreader and as a citizen holding policymakers to account Together Bender and Hanna expose AI hype for what it is a mask for Big Tech s drive for profit with little concern for who it affects **Black Enterprise** ,2008
