c't Working with AI c't-Redaktion, 2024-01-24 The special issue of c't KI Praxis

provides tests and practical instructions for working with chatbots. It explains why language models make mistakes and how they can be minimised. This not only helps when you send questions and orders to one of the chatbots offered online. If you do not want to or are not allowed to use the cloud services for data protection reasons, for example, you can also set up your own voice AI. The c't editorial team explains where to find a suitable voice model, how to host it locally, and which service providers can host it. The fact that generative AI is becoming increasingly productive harbours both opportunities and risks. Suitable rules for the use of AI in schools, training, and at work help to exploit opportunities and minimise risks. **ART/WORK**

The fully revised and updated edition of Art Work now in its fourteenth printing shares the tools artists of all levels need to make it in this highly competitive field. Originally published in 2009, Art Work was the first practical guide to address how artists can navigate the crucial business and legal aspects of a fine art career. But the rules have changed since then due to the proliferation of social media, increasing sophistication of online platforms, and ever more affordable digital technology. Artists have never had to work so hard to distinguish themselves, including by making savvy decisions and forging their own paths. Now Heather Bhandari, with over fifteen years of experience as a director of the popular Chelsea gallery Mixed Greens, and Jonathan Melber, a former arts entertainment lawyer and director of an art e-commerce startup, advise a new generation of artists on how to make it in the art world. In this revised and updated edition, Bhandari and Melber show artists how to tackle a host of new challenges: How do you diversify income streams to sustain a healthy art practice? How can you find an alternative to the gallery system? How do you review a license agreement? What are digital marketing best practices? Also
