Gibb Dyer, Jr., Jeffrey H. Dyer, 2019-10-02 Understand the dynamics of all different types of teams Beyond Team Building How to Build High Performing Teams and the Culture to Support Them represents the latest in thinking about creating effective teams The authors present a new Five C framework that focuses on the core aspects of team building The book helps the reader assess how his her team is performing on each of the 5Cs context composition competencies change and collaborative leadership and discusses options concerning how to improve team performance along each of these dimensions The book includes A wealth of examples of effective and ineffective teams from such companies as Cisco Systems Bain Company and Amazon New material concerning how to develop effective entrepreneurial and family teams How to manage cross cultural virtual and alliance teams How to create a team building organization This book provides the next generation of team leaders team members and team consultants with the knowledge and skills they need to create effective and high functioning teams

Higher Creativity for Virtual Teams: Developing Platforms for Co-Creation MacGregor, Steven P., Torres-Coronas, Teresa, 2007-05-31 This book presents advanced research on the concept of creativity using virtual teams demonstrating a

specific focus and application for virtual teams It presents tools processes and frameworks to advance the overall concept that leveraging ideas from different locations in an organization and within extended networks is based on creativity which can deliver innovation Provided by publisher *Student Agency in Devised Theatre Education* Mike Poblete,2025-02-27 This monograph argues that implementing devised theatre as a learning praxis has a unique potential to cultivate student agency in the twenty first century classroom It offers actionable guidance for drama instructors by providing a new arts education methodology that emphasizes the role of student led dramaturgy Based on quantitative and qualitative analyses of survey results group interviews and field observations from the facilitation of two original pieces of digital devised theatre created by Pacific Islander and Asian American public high school students on O ahu the author documents the crucial roles of constructive and resisting student agency in a devised theatre classroom This book then departs from established research in suggesting that passivity serves a crucial role in allowing students to assert agency nonconfrontationally which has considerable implications for peripatetic learners It also investigates the role of student agency in online theatre education which along with expected challenges was found to produce unique benefits such as real time documented performance feedback and accessible asynchronous teacher guidance Further a new form of student agency is identified one exclusive to online learning environments where students assert themselves by discussing technological challenges such as slow Wi Fi camera malfunctions or other pragmatic concerns Finally this book makes a case that the success of these projects with Pacific Islander and Asian American students suggests that although devising comes from a White Eurocentric tradition it can provide an effective learning strategy for students from a wide variety of backgrounds As global discourse continues to push toward reform that would allow populations around the world increased agency over their lives this volume makes a unique contribution to the critical conversation around student agency in education today and will appeal to scholars and researchers across arts education and theatre and performance studies **Virtual Work and Human Interaction**

Research Long, Shawn,2012-04-30 Virtual Work and Human Interaction Research uses humanistic and social scientific inquiry to explore how humans communicate behave and navigate in their new virtual work spaces providing scholars and practitioners an opportunity to study virtual work from quantitative and qualitative research approaches The books explores informal and formal communication emotional psychological and physical labor rewarding and punishing virtual work behaviors group decision making socializing and organizational change in a workplace without the physical and nonverbal cues that are taken for granted in traditional face to face work arrangements *Remote Team Management* Rosalind Kincaid,AI,2025-02-21 In today s evolving work landscape Remote Team Management offers essential guidance for leading virtual project teams It addresses the critical need for effective communication strategies robust performance management and a thriving team culture in remote environments The book highlights that remote teams require a fundamentally different management approach than co located teams Did you know that poor communication can lead to project delays and

ineffective performance management can decrease productivity This career guide begins by establishing a foundation in remote team dynamics then explores technology s role in facilitating collaboration with the right collaboration tools Subsequent chapters delve into setting clear expectations providing feedback and fostering community The book intersects with organizational psychology communication studies and HR management offering a holistic perspective The book adopts a practical solution oriented approach presenting strategies grounded in research and real world case studies It introduces a novel framework for improving remote team effectiveness encompassing KPIs related to communication collaboration and employee engagement Ultimately the book equips team leaders project managers and HR professionals with the tools to build trust resolve conflicts and create a sense of belonging in virtual teams

Collaborative Networks for a Sustainable World Luis M. Camarinha-Matos,Xavier Boucher,Hamideh Afsarmanesh,2010-10-02 Collaborative Networks for a Sustainable World Aiming to reach a sustainable world calls for a wider collaboration among multiple stakeholders from different origins as the changes needed for sustainability exceed the capacity and capability of any individual actor In recent years there has been a growing awareness both in the political sphere and in civil society including the bu ness sectors on the importance of sustainability Therefore this is an important and timely research issue not only in terms of systems design but also as an effort to b row and integrate contributions from different disciplines when designing and or g erning those systems The discipline of collaborative networks especially which has already emerged in many application sectors shall play a key role in the implemen tion of effective sustainability strategies PRO VE 2010 focused on sharing knowledge and experiences as well as identi ng directions for further research and development in this area The conference dressed models infrastructures support tools and governance principles developed for collaborative networks as important resources to support multi stakeholder s tainable developments Furthermore the challenges of this theme open new research directions for CNs PRO VE 2010 held in St

Understanding Virtual Reality Sarah Jones,Steve Dawkins,Julian McDougall,2022-12-30 This book provides critical commentary on key issues around virtual reality using media technology as a tool to challenge perspectives for learning and understanding cultural diversities With a focus on empathy embodiment and ethics the book interrogates the use of immersive technologies for formal and informal educational contexts Taking a critical approach to discourses around emerging technology and learning the book presents the idea that a new literacy is emerging and an emphasis on media and technology is needed in the context of education to explore and experience cultural diversities Employing a personal reflexive narrative the chapters highlight key issues through research and interviews with leading practitioners in the field Understanding Virtual Reality will be of great interest to academics and students interested in the effects of immersive realities on the education experience and to anyone keen on exploring the paradigm shift from entertainment to education
