An Awesome Ride Andrew Clarke,Cameron Miller,2019-08-06 Hi guys I have some bad news I want to tell you all So said seventeen year old Shaun Miller on YouTube in May 2012 shortly after receiving a devastating diagnosis about his heart condition The clip has now been viewed millions of times In 1994 when Cameron Miller found out he was going to be a father he hoped his boy would have an easier childhood than he'd had Cameron had been in and out of hospital with chronic asthma and been relentlessly bullied As it turned out that had been the easy part Life was about to get a lot tougher Before he was two weeks old Cameron's son Shaun had his first operation Suffering from Congenital Heart Disease CHD he had his second heart transplant when he was thirteen Ultimately he endured about 1000 medical procedures Through it all Shaun maintained an incredibly positive outlook inspiring children and adults alike In his final days he fulfilled his dream of making a cameo appearance on Neighbours and appeared on the AFL Footy Show exchanging banter with his heroes Tragically Shaun passed away only a few weeks after he'd posted his video and his father struggled to cope Suffering from crippling grief Cameron attempted suicide and spent time in a psychiatric institution An Awesome Ride however is a story of hope Only after reaching rock bottom did he come to understand Shaun's message Today with the establishment of

Lee,2015-11-20 The best strategies in healthcare begin with empathy Revolutionary advances in medical knowledge have caused doctors to become so focused on their narrow fields of expertise that they often overlook the simplest fact of all their patients are suffering This suffering goes beyond physical pain It includes the fear uncertainty anxiety confusion mistrust and waiting that so often characterize modern healthcare One of healthcare s most acclaimed thought leaders Dr Thomas H Lee shows that world class medical treatment and compassionate care are not mutually exclusive In *An Epidemic of Empathy in Healthcare* he argues that we must have it both ways that combining advanced science with empathic care is the only way to build the health systems our society needs and deserves Organizing providers so that care is compassionate and coordinated is not only the right thing to do for patients it also forms the core of strategy in healthcare s competitive new marketplace It provides business advantages to organizations that strive to reduce human suffering effectively reliably and efficiently Lee explains how to develop a culture that treats the patient not the malady and he provides step by step guidance for unleashing an epidemic of empathy by Developing a shared understanding of the overarching goal meeting patients needs and reducing their suffering Making empathic care a social norm rather than the focus of economic incentives Pinpointing and addressing the most significant causes of patient suffering Collecting and using data to drive improvement Healthcare is entering a new era driven by competition on value meeting patients needs as efficiently as possible Leaders must make the choice either to move forward and build a new culture designed for twenty first century medicine or to maintain old models and practices and be left behind Lee argues that empathic care resonates with the noblest values of all clinicians If healthcare organizations can help caregivers live up to these values and focus on alleviating their patients suffering they hold the key to improving value based care and driving business success Join the compassionate care movement and unleash an epidemic of empathy Thomas H Lee MD is Chief Medical Officer of Press Ganey with more than three decades of experience in healthcare performance improvement as a practicing physician leader in provider organizations researcher and health policy expert He is a Professor Part time of Medicine at Harvard Medical School and Professor of Health Policy and Management at the
