act of Othering and whether this reflects a direct or indirect and with this more subtle and normalized use of power discourse In this thesis only those people Trump constantly portrays as dangerous foreigners intruders therefore not Americans are included in the analysis by looking at how he structures his discourse around them These include Mexicans and Muslims both to be found under the umbrella term of illegal immigrants      *Women of China* ,2006-07      **Mother Jones** ,2007      **Chain Store Age** ,2007-07      **The Atlantic Monthly** ,2008      **The Economist** ,2009      *Reinventing Cinema* Chuck Tryon,2009 For over a century movies have played an important role in our lives entertaining us often provoking conversation and debate Now with the rise of digital cinema audiences often encounter movies outside the theater and even outside the home Traditional distribution models are challenged by new media entrepreneurs and independent film makers usergenerated video film blogs mashups downloads and other expanding networks *Reinventing Cinema* examines film culture at the turn of this century at the precise moment when digital media are altering our historical relationship with the movies Spanning multiple disciplines Chuck Tryon addresses the interaction between production distribution and reception of films television and other new and emerging media Through close readings of trade publications DVD extras public lectures by new media leaders movie blogs and YouTube videos Tryon navigates the shift to digital cinema and examines how it is altering film and popular culture      **Marketing** ,2009      **Market Watch** ,1981      *Feminist Collections* ,2009      **Vanity Fair** ,2015      **The Comics Journal** ,2007
