they won't have to scroll through outdated and no longer relevant posts. They'll be shown timely content that matters to them. Interest. This is really the secret sauce as Instagram is paying attention and will serve content that it believes the user will be interested in. Relationships. Instagram knows what photos users tag and where they comment. So if a user has interacted in some way with certain brands in the past, they are far more likely to be served content from that brand or similar brands in the future. For marketers, this is a great thing. It means that as Instagram learns more about your brand, your posts and advertisements are more likely to get in front of your niche or target audience.

A few notes about Instagram Shopping. With the release of Instagram Shopping in late 2016, Instagram literally turned their platform into an online marketplace. While it is still a common practice to include website links to your business site and even to a product page, now it is possible to allow the customer to transact directly on the Instagram platform. For businesses that want to enable the Shopping capability, they need to meet the following requirements:

- You must have an Instagram business profile.
- That business profile needs to be connected to a Facebook catalog.
- Your company's registered headquarters location must be located in one of the Instagram approved countries.
- Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram.

As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing, we will not be providing a deep dive of the Instagram Shopping capability.

Want to turn your Instagram followers into dollars? Are you looking to build your business on Instagram and need the best strategy to get started? Wait, I can make money with Instagram. Yes, indeed, you can keep on reading, and I'll tell you more.

Instagram Influencer Secrets is not going to tell you to purchase a following or to use silly scam accounts to gain bot followers. Why? Because none of those will actually make you a real influencer, especially one who is going to be making money. An influencer is a title you need to achieve. You need to earn that title because that's when you know your audience believes in you and whatever you have to say, they will listen.

Okay, Instagram marketing. Got it. But where the hell do I even start? What hashtags do I use? What photos should I be sharing? Should I go follow everyone to get started? What time do I post? Do I respond to all comments? Why do some people have emails and addresses and I can't do that? If you're asking yourself all these questions, good. You're taking steps in the right direction. This isn't another crypto currency bandwagon you are joining. It's time you join this community of businesses who have chosen to go above and beyond traditional marketing techniques to capture a whole new audience. There is a goldmine of opportunity sitting in front of you, and I'm going to show you how to mine it.

In this book, you'll learn:

- How to create the optimal Instagram handle and username.
- The number one MOST important thing you need before you start your Instagram journey, and it's not your profile photo.
- How to leverage the features of an Instagram Business account to gain more followers.
- The secrets of the perfect customer profile and where to find them.

This can be an effective tool when it comes to increasing sales as well as maintaining employee motivation. It can also cause problems as your company grows however if those who feel they are stakeholders do not feel they were properly consulted when it came to planning out the future of the company.
