Design and Climate Nemiro, Jill E.,2025-07-16 Over the last twenty years creativity has been shown to be a critical element to contemporary organizations especially as global competition the need for innovation and technological advances have intensified The rise of technological advances has produced an increase in remote work and virtual teams especially within business settings to deal with global competition and the rise of non routine work However the COVID 19 pandemic generated an even greater increase in the utilization of remote work and virtual teams not only in business but in higher education as well and it appears that this trend is not going away Thus it is crucial to teach students how to work effectively in virtual teams to prepare them for their future careers Training current employees in virtual teaming skills is also necessary as more professionals are transitioning into remote or hybrid work Cultivating Creative Collaboration in Student Virtual Teams in Higher Education Design and Climate provides an in depth understanding of how to design academic courses and business training experiences that can offer employees and college level students hands on experiences to develop virtual teamwork skills It aims to nurture students professional development by enhancing their creativity while working in virtual teams and to assist faculty in designing and implementing effective virtual team learning experiences in their courses Covering topics such as intentional team culture information sharing and setting communication norms this book is an excellent resource for educational leaders educators instructional designers technology instructors human resource HR managers business leaders professionals researchers scholars academicians and more Remote Team Management Rosalind Kincaid, AI, 2025-02-21 In today s evolving work landscape Remote Team Management offers essential guidance for leading virtual project teams It addresses the critical need for effective communication strategies robust performance management and a thriving team culture in remote environments The book highlights that remote teams require a fundamentally different management approach than co located teams Did you know that poor communication can lead to project delays and ineffective performance management can decrease productivity This career guide begins by establishing a foundation in remote team dynamics then explores technology s role in facilitating collaboration with the right collaboration tools Subsequent chapters delve into setting clear expectations providing feedback and fostering community The book intersects with organizational psychology communication studies and HR management offering a holistic perspective The book adopts a practical solution oriented approach presenting strategies grounded in research and real world case studies It introduces a novel framework for improving remote team effectiveness encompassing KPIs related to communication collaboration and employee engagement Ultimately the book equips team leaders project managers and HR professionals with the tools to build trust resolve conflicts and create a sense of belonging in virtual teams Virtual Events Management Tim Brown, Claire Drakeley, 2023-08-30 The COVID 19 pandemic and resulting lockdowns has seen a boom in the occurrence of virtual events Virtual Events Management is a unique text as it looks at events from both a live event virtual event and hybrid perspective **Student Agency in Devised Theatre Education** Mike Poblete, 2025-02-27 This

monograph argues that implementing devised theatre as a learning praxis has a unique potential to cultivate student agency in the twenty first century classroom It offers actionable guidance for drama instructors by providing a new arts education methodology that emphasizes the role of student led dramaturgy Based on quantitative and qualitative analyses of survey results group interviews and field observations from the facilitation of two original pieces of digital devised theatre created by Pacific Islander and Asian American public high school students on O ahu the author documents the crucial roles of constructive and resisting student agency in a devised theatre classroom This book then departs from established research in suggesting that passivity serves a crucial role in allowing students to assert agency nonconfrontationally which has considerable implications for peripatetic learners It also investigates the role of student agency in online theatre education which along with expected challenges was found to produce unique benefits such as real time documented performance feedback and accessible asynchronous teacher guidance Further a new form of student agency is identified one exclusive to online learning environments where students assert themselves by discussing technological challenges such as slow Wi Fi camera malfunctions or other pragmatic concerns Finally this book makes a case that the success of these projects with Pacific Islander and Asian American students suggests that although devising comes from a White Eurocentric tradition it can provide an effective learning strategy for students from a wide variety of backgrounds As global discourse continues to push toward reform that would allow populations around the world increased agency over their lives this volume makes a unique contribution to the critical conversation around student agency in education today and will appeal to scholars and researchers across arts education and theatre and performance studies
