My City Links, 2022-05-04: A decade ago if somebody had said that you could earn money by cracking jokes, you would have been justified in saying, "You must be joking." React the same way today and the joke would be on you. Yes, we are talking about careers like stand-up comedy and creative education courses which were unheard of then, that are opening up a whole new world of opportunities. In our Cover Story, we explore the new emerging landscape driven as much by the urge to take the path less travelled as a growing acceptance of the unconventional. Amid reports of communal tensions in some pockets of the country, we bring you a heart-warming tale from Cuttack. *City Lights* chronicles the enduring popularity of the Kohinoor Paanji ephemeris, which was first published in 1935. Over the decades, this almanac put together by a Muslim family has become a go-to resource when it comes to dates for Hindu festivals and religious rituals. A few weeks ago, the sound of Will Smith slapping Chris Rock at the Academy Awards Oscars ceremony reverberated across the world, reigniting the age-old debate of how anger can trigger a dangerous personality transformation. We decided to get to the bottom of a problem that defies easy solutions or workarounds. Read all about it in the Health & Fitness section. The Showcase Odisha Awards continue to connect people associated with the state. This time, the event moved to Bangalore, where it honoured two exceptional Odias. Organic and eco-friendly are all the buzzwords these days. And you need to look no further than the duo of Sukanya Sahu and Farheen Sheikh, who have launched a brand of apparel, accessories and stationery using eco-printing. *My City Links* also catches up with Susmita Misra, who is building a community marketplace for the exchange of pre-owned sarees. She tells us how the concept has caught the fancy of women across the world. The term street smart is no longer something that crosses your mind only when you see someone navigating difficult situations in life. It's also something that's increasingly visible on the streets, literally. In Fashion & Lifestyle, we look at a new brand of smart streetwear launched by four talented youngsters. Emerging Odia actor Sovan Samal is busy chasing his passion. In Screen Shots, he opens up about his early days, support from his family and his inspirations from the world of entertainment.

Human Diversity in Education Kenneth Cushner, Averil McClelland, Hyla Cushner, Philip L. Safford, 2021-03 It is difficult to fathom the myriad changes that have occurred and that influence the content of this book in just three years since the previous edition As this book goes to press we have witnessed many nations in Europe as well as

the United States that have made dramatic political shifts from open and liberal leanings to more populist nationalistic and conservative ideologies These shifts have been accompanied by an increase in xenophobia and stricter actions to reduce immigration often accompanied by a rise in anti immigrant anti Semitic and Islamophobic sentiment The conflicts and struggles in Afghanistan Iraq and Syria continue as tensions between the United States and Russia fester A questioning of Truth with an onslaught of fake news has emerged having a major influence on the 2016 U S presidential election And we expect numerous changes to occur under the new U S Secretary of Education Betsy DeVos And these challenges are in the political arena alone Across the planet people continue to feel the stresses of the seemingly endless changes and challenges they confront on many fronts Climate change continues to advance resulting in new and unpredictable weather patterns despite a vocal minority that appears to deny its existence Although making gains people continue to wrestle with questions surrounding same sex marriage and gay rights the question of health care the accelerated identification of children with autism and other disabilities as well as our aging population span cultural differences and cut across geographic political and social boundaries continuing to impact us all at the local national and global levels Some people are eager to embrace innovation and change while others struggle through a variety of political and social means to retain older and more traditional ways of doing things Such challenges continue to enter and impact our increasingly culturally diverse classrooms and communities To effectively address and solve the multitude of issues we face it is incumbent upon teachers to provide young people with a foundation that will assist them to better understand the complex nature of the world in which they will live while developing the skills that will enable them to be proactive problem solvers in an interdependent global society This requires people who have the knowledge skills and motivations to reach beyond their own cultural boundaries and a willingness and ability to collaborate with others If people are not willing and able to do so these and other future problems simply will not be solved Developing intercultural understanding and competence must be actively addressed throughout the school curriculum This tenth edition of *Human Diversity in Education An Intercultural Approach* continues to focus on the preparation of teachers and other human service providers who can interact effectively with the wide diversity of people they are certain to encounter and who are able to transmit this knowledge and skill to the individuals in their charge
