Community Engagement in the Online Space

Dennis, Michelle, Halbert, James, 2023-02-17 Since the advent of the internet, online communities have emerged as a way for users to share their common interests and connect with others with ease. As the possibilities of the online world grew and the COVID-19 pandemic raged across the world, many organizations recognized the utility in not only providing further services online but also in transitioning operations typically fulfilled in person to an online space. As society approaches a reality in which most community practices have moved to online spaces, it is essential that community leaders remain knowledgeable on the best practices in cultivating engagement. Community Engagement in the Online Space evaluates key issues and practices pertaining to community engagement in remote settings. It analyzes various community engagement efforts within remote education, online groups, and remote work. This book further reviews the best practices for community engagement and considerations for the optimization of these practices for effective virtual delivery to support emergency, environmental challenges such as pandemic conditions. Covering topics such as community belonging, global health, virtual practicum, and social media engagement, this premier reference source is an excellent resource for program directors, faculty, and administrators of both K-12 and higher education, students of higher education, business leaders, and executives, IT professionals, online community moderators, librarians, researchers, and academicians. *Federal Personnel Guide*, 2005
