Social Media Measurement and Management Jeremy Harris Lipschultz, 2024-08-01. This revised and updated textbook applies a critical and practical lens to the world of social media analytics. Author Jeremy Harris Lipschultz explores the foundations of digital data strategic tools and best practices in an accessible volume for students and practitioners of social media communication. This second edition expands upon entrepreneurship marketing and technological principles demonstrating how raising awareness, sparking engagement and producing business outcomes all require emphasis on customers, employees and other stakeholders within paid, earned, social and owned media. It also looks to the future examining how the movement toward artificial intelligence and machine learning raises new legal and ethical issues in effective management of social media data. Additionally, the book offers a solid grounding in the principles of social media measurement itself, teaching the strategies and techniques that enable effective analysis. It features theoretical and practical advice, a comprehensive glossary of key terms and case studies from academic and industry thought leaders. A perfect primer for this developing industry, this book is ideal for students, scholars and practitioners of digital media seeking to hone their skills and expand their bank of new tools and resources.

The New Rules of Influence Lida Citroën, 2024-08-27. Leave the power tie at home. The old rules of influence don't work anymore. It's time to throw out the old rules of influence and become the leader you've always wanted to be. A new type of leader is emerging: one with a bold mission who empowers others through transparency and unwavering passion. Modern-day executive presence mandates levels of authenticity and honesty never before seen in the C-suite. Personal branding and reputation management expert Lida Citroën guides leaders through this new paradigm of executive presence and influence. Through inspiring examples, compelling stories and practical exercises, Citroën helps leaders tap into their passion, connect authentically with others and create space for inclusivity and community. Greta Thunberg is a powerful example of a new paradigm leader. The Swedish teenager's influence arguably exceeds that of most CEOs or political leaders. The youngest person to be named Time's Person of the Year, she radically upended Swedish politics and world climate policy. Nothing about her conforms to the typical expectations of a leader's executive presence; her power comes from her absolute honesty and genuine passion to make the world a better place.
