The Greatest Capitalist Who Ever Lived Ralph
Watson McElvenny, Marc Wortman, 2023-10-24 A compelling new biography The Greatest Capitalist Who Ever Lived spins the
Watsons into near Shakespearean figures as if Succession were set in the era of Mad Men The New York Times Book Review
Editors Choice The enduring story of Thomas Watson Jr a figure more important to the creation of the modern world than
Rockefeller Vanderbilt and Morgan Nearly fifty years into IBM s existence Thomas Watson Jr undertook the biggest gamble
in business history when he bet the farm on the creation of the IBM System 360 the world s first fully integrated and
compatible mainframe computer As CEO Watson drove a revolution no other company then or now would dare laying the
foundation for the digital age that has transformed every society corporation and government The story of Watson being
present at the creation of the digital age is intertwined with near Shakespearean personal drama While he put IBM and its
employees at risk Watson also carried out a family shattering battle over the future of the company with his brother Dick This
titanic struggle between brothers led to Dick s death and almost killed Watson Jr himself Though he was eventually touted by
Fortune magazine as the greatest capitalist who ever lived Watson s directionless playboy early years made him an unlikely
candidate for corporate titan How he pulled his life together and despite personal demons paved the way for what became a
global industry is an epic tale full of drama inspiration and valuable lessons in leadership risk taking and social responsibility

Dwell, 2005-01 At Dwell we re staging a minor revolution We think that it s possible to live in a house or apartment by a

The Future Conditional Eric S. Henry,2021-05-15 In *The Future Conditional* Eric S Henry brings twelve years of expertise and research to offer a nuanced discussion of the globalization of the English language and the widespread effects it has had on Shenyang the capital and largest city of China's northeast Liaoning Province Adopting an ethnographic and linguistic perspective Henry considers the personal connotations that English has for Chinese people beyond its role in the education system Through research on how English is spoken taught and studied in China Henry considers what the language itself means to Chinese speakers How and why he asks has English become so deeply fascinating in contemporary China simultaneously existing as a source of desire and anxiety The answer he suggests is that English speaking Chinese consider themselves distinctly separate from those who do not speak the language the result of a cultural assumption that speaking English makes a person modern Seeing language as a study that goes beyond the classroom *The Future Conditional* assesses the emerging viewpoint that for many citizens speaking English in China has become a cultural need and more immediately a realization of one's future

The De Gruyter Handbook of Automated Futures Vaike Fors,Martin Berg,Meike Brodersen,2024-09-23 How does automation

affect us our environment and our imaginations What actions should we take in response to automation Beyond grand narratives and technology driven visions of the future what more can automation offer With these questions in mind The De Gruyter Handbook of Automated Futures provides a framework for thinking about and implementing automation differently It consolidates automated futures as an inter and transdisciplinary research field embedding the imaginaries interactions and impacts of automation technology within their social historical societal cultural and political contexts Promoting a critical yet constructive and engaging agenda the handbook invites readers to collaborate with rather than resist automation agendas It does so by pushing the agenda for social science humanities and design beyond merely assessing and evaluating existing technologies Instead the handbook demonstrates how the humanities and social sciences are essential to the design and governance of sustainable sociotechnical systems Methodologically the handbook is underpinned by a pedagogical approach to staging co learning and co creation of automated futures with rather than simply for people In this way the handbook encourages readers to explore new and alternative modes of research fostering a deeper engagement with the evolving landscape of automation
