The first method is to find viral videos on YouTube that have the potential to or have already received millions of views.

Download the video to your computer, then use a free link shortening service like Shrinkme.io to make the link to that video shorter.

When someone clicks on your link, they will be shown advertisements before being directed to the original video, so Shrinkme.io will pay you.

You can make up to \$5-\$10 per 1,000 clicks.

You can create and upload multiple shortened links to different viral videos to YouTube Shorts.

You can earn a lot of money if your shorts receive a lot of views.
