Journal of Market Research* ,2009 *Messing with the Enemy* Clint Watts,2019-06-04 A former FBI Special Agent and  
leading cyber security expert offers a devastating and essential look at the misinformation campaigns fake news and  
electronic espionage operations that have become the cutting edge of modern warfare and how we can protect ourselves and  
our country against them Clint Watts electrified the nation when he testified in front of the House Intelligence Committee  
regarding Russian interference in the 2016 election In *Messing with the Enemy* the cyber and homeland security expert  
introduces us to a frightening world in which terrorists and cyber criminals don t hack your computer they hack your mind  
Watts reveals how these malefactors use your information and that of your friends and family to work for them through social  
media which they use to map your social networks scour your world affiliations and master your fears and preferences  
Thanks to the schemes engineered by social media manipulators using you and your information business executives have  
coughed up millions in fraudulent wire transfers seemingly good kids have joined the Islamic State and staunch anti  
communist Reagan Republicans have cheered the Russian government s hacking of a Democratic presidential candidate s e

mails Watts knows how they do it because he's mirrored their methods to understand their intentions combat their actions and coopt their efforts Watts examines a particular social media platform from Twitter to internet Forums to Facebook to LinkedIn and a specific bad actor from al Qaeda to the Islamic State to the Russian and Syrian governments to illuminate exactly how social media tracking is used for nefarious purposes He explains how he's learned through his successes and his failures to engage with hackers terrorists and even the Russians and how these interactions have generated methods of fighting back Shocking funny and eye opening *Messing with the Enemy* is a deeply urgent guide for living safe and smart in a super connected world
