Unlocking the Power of AI Myra Roldan, 2024-01-01. Artificial intelligence adoption is accelerating across industries, but many learning teams may not be moving the needle fast enough. Now is the prime opportunity for learning teams to prioritize its usage. However, although some L&D professionals have experimented with generative AI tools, few know what the game-changing technology really is. In this issue of TD at Work, Myra Roldan shares a simplified explanation of how AI works, the difference between traditional AI and generative AI, sample use cases for L&D professionals to think about, a brief overview of how to get started using AI, some notes on privacy and ethics, and the tools/resources in this issue are an Artificial Intelligence Tool Evaluation Worksheet and an Artificial Intelligence Project Planning Checklist.

Decision Intelligence For Dummies Pam Baker, 2022-02-08. Learn to use and not be used by data to make more insightful decisions. The availability of data and various forms of AI unlock countless possibilities for business decision makers. But what do you do when you feel pressured to cede your position in the decision-making process altogether? *Decision Intelligence For Dummies* pumps the brakes on the growing trend to take human beings out of the decision loop and walks you through the best way to make data-informed but human-driven decisions. The book shows you how to achieve maximum flexibility by using every available resource and not just raw data to make the most insightful

decisions possible In this timely book you ll learn to Make data a means to an end rather than an end in itself by expanding your decision making inquiries Find a new path to solid decisions that includes but isn t dominated by quantitative data Measure the results of your new framework to prove its effectiveness and efficiency and expand it to a whole team or company Perfect for business leaders in technology and finance Decision Intelligence For Dummies is ideal for anyone who recognizes that data is not the only powerful tool in your decision making toolbox This book shows you how to be guided and not ruled by the data Introduction to Business Heidi M.
