Transforming Business Through Digital Sustainability Models Younas, Afshan, Kassim, Aza Azlina Md., 2025-05-08

Sustainability and digitalization are becoming essential in businesses. It is necessary to enhance collaboration between the digitalization of business and sustainability. Global business practices that focus on sustainability through the digital transformation process can stay competitive and socially responsible. As a result, there is a need and growing demand for resources that help businesses identify the complexities of digital business transformation while achieving sustainable practices. *Transforming Business Through Digital Sustainability Models* explores sustainability through digitalization practices, identifies problems, and explores innovative solutions. It has educational and professional values that provide practical insights and strategies for achieving sustainability through the digitalization of businesses. Covering topics such as stakeholder engagement, cost savings, and ecosystem restoration, this book is an excellent resource for business leaders, sustainability activists, policymakers, researchers, academicians, and more.

Global Business Environment Mansi Kapoor, 2025-03-11. This book discusses the shifting paradigms in the global business environment from the Fourth Industrial Revolution (Industry 4.0) to the Fifth Industrial Revolution (Industry 5.0). It captures the current shifts in the global environment for business caused mainly by the disruptive nature of rapid technological advancements and the consequences of globalisation, which impact political, social, and economic changes. Divided into six sections: Political, Economic, Socio-Cultural, Technological, Ethical, and Environmental, this book attempts to build perspectives on current trends sweeping globally across political, technological, socio-cultural, and economic landscapes. Furnished with up-to-date examples and case studies, it presents an exhaustive yet lucid view of current socio-economic realities, the latest technological advancements, political undercurrents, and the issues and challenges confronting organisations and institutions both globally and locally. It is a compelling narrative based on ongoing years of deep research, cases, theoretical frameworks, and insights that can help navigate what seems like an unimaginable future. This book will be useful to students, researchers, and teachers of management, economics, liberal arts, and related social sciences disciplines. It will also be a useful reference for those studying Public Policy and Law.
