Instagram knows what photos users tag and where they comment So if a user has interacted in some way with certain brands in the past they are far more likely to be served content from that brand or similar brands in the future For marketers this is a great thing It means that as Instagram learns more about your brand your posts and advertisements are more likely to get in front of your niche or target audience A few notes about Instagram Shopping With the release of Instagram Shopping in late 2016 Instagram literally turned their platform into an online marketplace While it is still a common practice to include website links to your business site and even to a product page now it is possible to allow the customer to transact directly on the Instagram platform For businesses that want to enable the Shopping capability they need to meet the following requirements You must have an Instagram business profile That business profile needs to be connected to a Facebook catalog Your company s registered headquarters location must be located in one of the Instagram approved countries Items for sale must be physical goods that comply with the trading guideline and terms of use set forth by Instagram As this Instagram Marketing Guide is intended as a resource for those getting started with Instagram marketing we will not be providing a deep dive of the Instagram Shopping capability Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book [Instagram Marketing](#) Chase Barlow,2020-04-19 If you want to discover why some people fail with Instagram marketing while others see massive success and you d like to join the latter group then keep reading Are you sick and tired of marketing efforts that bring about zero results Have you tried endless other ways to grow your personal brand or small business but nothing seems to work long term Do you finally want to say goodbye to wasted money and discover something that works for you If so then you ve come to the right place You see Instagram marketing doesn t have to be difficult Even if you ve spent hours going through videos and websites and still feel lost the reality is it s easier than you think Here s just a tiny fraction of what you ll discover The Instagram changes you need to know to stay one step ahead Why you re missing out by not having a proper Instagram presence and the 6 best ways to use stories to build your brand How to use hashtags to your advantage the right way Creating consistent content that converts How to sell your products on Instagram How Instagram advertising is different from other platforms and what to do to run ads effectively The little known secrets to leveraging other users with a massive fan following to skyrocket your own success on Instagram The future of influencer marketing so you can always be ahead of the curve And much much more Take a second to imagine how you ll feel once you finally achieve the results you re looking for Even if you re a complete newbie in the Instagram marketing world you can achieve success with this book And if you have a burning desire to get started right away to become the next Instagram marketing guru then scroll up and click add to cart
