The Ideas That Rule Us Chris Grocott, 2024-10-07 It may seem surprising that the economic choices we make in society are often determined by ideas rather than scientific evidence or financial resources The consequences of such choices are often stark such as the austerity policies which eroded our ability to withstand crises like the Covid 19 pandemic This book explores the ideas that rule how our economy works how government operates and how workers organise A small number of historical economic ideas remain stubbornly prevalent and powerful today However they are largely based on questionable assumptions about human behaviour and unproven theoretical ideas about economics They were founded within the realms of philosophy and politics rather than hard science This book illustrates how politicians have selectively borrowed convenient economic concepts in order to promote and defend policies which entrench and escalate inequalities and other structural problems This accessible book invites readers to question the ideas that rule us and explore the challenges facing society It invites progressive thought about how we need to urgently organise action for the future

Not Another U.S. History Textbook Adam Strube,2024-01-15 Why on earth would two history nerds use their own free time to write another US history textbook Well that intelligent human is the right question This work breaks from the traditional memorization of who what when where and focuses on why and how The former is popular in schools due to its efficiency in quantification for testing You're either right or wrong about remembering facts But it's so boring that most students turn off their brains once they set foot in the class and that habit continues well into old age if not recognized

and corrected Why and how are more subjective therefore harder to grade But with their asking people become re centered in our collective story where they belong Only then can proper context be understood and criticism and perspective be applied We believe this approach to be the missing link in our education and understanding of current issues norms and discussion points Hopefully after reading this work each reader s critical thinking will activate around all history permanently That will certainly aid humanity s evolution and communication Wait does that mean this book can be categorized as self help Argue away International Business Shad Morris,James Oldroyd,2020-08-25 Leveraging their extensive background at multi national corporations co authors Shad Morris and James Oldroyd created an International Business course that is current concise and easy to implement As instructors themselves the authors focused on engaging pedagogy that prepares students for the global marketplace and created interactive resources to deepen the learning experience This second edition of International Business includes extensive updates including coverage on important topics like COVID 19 Brexit and the US China trade war Additionally the WileyPLUS course provides just in time resources like chapter introductory videos whiteboard animations cases case application problems adaptive practice and more to help students apply their learning and think critically **Occupy Nation** Todd Gitlin,2024-05-21 A much needed book a compelling portrait of the Occupy movement that capture s the spirit of the people involved the crisis that gave Occupy birth and the possibility of genuine change it represents Eric Foner author of The Fiery Trial Abraham Lincoln and American Slavery The Occupy Wall Street movement arose out of a widespread desire of ordinary Americans to change a political system in which the moneyed 1% of the nation controls the workings of the government In Occupy Nation social historian Todd Gitlin a former leader of the Students for a Democratic Society SDS who stood at the forefront of the birth of the New Left and the student protests of the 1960s and 70s offers a unique overview of one of the most rapidly growing yet misunderstood social revolutions in modern history Occupy Nation is a concise and incisive look at the Occupy movement at its pivotal moment as it weighs its unexpected power and grapples with its future mission F & S Index United States Annual ,2006 Popular Science Monthly and World Advance ,1925 **Fortune** Henry Robinson Luce,2006-04 The New York Times Index ,2009 Brandweek ,2010-04 Mediaweek ,2010-04 **The Farmer & Stock-breeder** ,1954 **Automotive News** ,2006 The Bulletin ,2007 Ski Area Management ,2009 **Labour Research** ,2008
