get on board and seize the opportunity to build their status and to secure the place of libraries as critically important institutions The third theme is social inclusiveness Librarians should always keep in mind the political dimensions of public library service and assure that all sectors of the populations share in the benefits of library service Readers in search of guidance concerning what librarians should do will find plenty of that here EDITOR      **Ulrich's International Periodicals Directory** Carolyn Farquhar Ulrich,2001      **Willing's Press Guide and Advertisers' Directory and Handbook** ,2002
