educators to successfully make the necessary cultural structural and instructional changes that are needed Bill Daggett
Founder International Center for Leadership in Education ICLE *No Surrender* Jack Hatch, 2016-12-12 *No Surrender*
Building a Progressive Agenda for Iowa with the Five Securities by Jack Hatch In an era of endless social media carping the
notion of why public service matters may seem quaint or even na ve to some This book is about why for progressive
Democrats nothing could be further from the truth Dreaming of ways to improve the human condition for work a day
Americans and their families is absolutely essential to our purpose and our survival as a political organization The stakes are
always the highest possible ones the fate of our individual communities and the country we love And the enemy is always the
same a status quo that tells us not you not yet not that way and not now Jack Hatch provides a thought provoking and
challenging look into Iowa s future His is a call for progressive action He pulls no punches in calling for a new direction and
approach for the Democratic Party if its leaders are to become Iowa s leaders A must read for anyone considering a run for
higher office Former Governor of Iowa Tom Vilsack This book is highly revealing It identifies without concern of how it
affects the feelings of those in power absolute realities of why Democrats fall short of election goals during each cycle The
narrative represents a path by which the party can return to its historic role of being the voice of the people And unlike most
this book is definitive in laying out a plan for success Jack Hatch has provided a map of the path we must follow To ignore his
challenge to become Progressives will only lead to party oblivion Senator Dennis Black Retired I am impressed Without
resorting to a rant Jack Hatch scolds Iowa Democrat leadership for their lack of courage in pressing for bold liberal goals and
for surrendering their advocacy for the melting middle class To his credit Hatch does not exclude himself from past errors
The Five Security agenda he presents as his bold progressive vision for what Iowa can become is done so with compelling
detailed specifics as to mission process and structure In fact were his vision to come to be adopted and funded I would move
