Enlightened Literacy Beyond the Reading Wars Dr. Deborah Duncan Owens, 2025-05-29 *Enlightened Literacy Beyond the Reading Wars* Providing Hope for Democracy Global Citizenship and the Human Condition provides an in depth historical analysis of the reading wars that have dominated the policy discussions and governmental mandates about how reading is taught in public schools across the United States for decades The resulting fixation on phonics and criticism of public schools continues to drive headlines in spite of what is considered settled science about the essentiality of phonics in early reading instruction Deborah Duncan Owens journey to develop a new paradigm for literacy instruction through enlightened literacy provides insight into the convergence of the economic and governmental forces that have resulted in the stagnation of literacy research and practice and the reductionist view of reading instruction that threatens literacy development in the United States *Enlightened Literacy* offers an alternative framework that holds the promise of moving beyond the reading wars toward a more expansive vision for literacy education Actualizing enlightened literacy in the classroom environment is examined through four aspects 1 a panoramic perspective 2 a humanistic ethos 3 a spirit of curiosity and 4 a focus on the pragmatic

Reader Bot Naomi S. Baron, 2026-01-20 What happens to human reading when AI bots can do it for us Explosive developments in artificial intelligence have awed everyday users with the technology s ability to draw do computer coding and especially to write Those AI generated essays and poems legal briefs and responses to requests for information are all visible evidence of large language models at work What we don t see is the critical prior step before it can write AI needs to read While AI s written outcomes are remarkably similar to what a diligent student lawyer or researcher might produce AI doesn t read the way that humans do Now that AI is proving an adept reader what happens to our own reading skills and motivations especially at a time when both voluntary and school reading are

increasingly on the decline We have learned that when we let chatbots write for us there are pros and cons to handing over our virtual pens It s critical that we also think through the consequences of relinquishing reading a deeply human activity to bots What do we stand to gain and lose when we let AI read for us Tracing the intersecting trajectories of AI and reading Reader Bot tackles this vital question revealing why we must be thoughtful about how we welcome AI as reader into our lives
