Proceedings of the United States Naval Institute United States Naval Institute,2014-07 **Church Communications** Katie Allred,2022-08-15 Designed for pastors church leaders and volunteers Church Communications guides the reader through practical steps a church can take to strengthen their digital footprint **Subsidies to Chinese Industry** Usha C.V. Haley,George T. Haley,2013-03-27 How did China move so swiftly in capital intensive industries without labor cost or scale advantage from bit player to the largest manufacturer and exporter in the world This book argues that subsidies contributed significantly to China s success Industrial subsidies in key Chinese manufacturing industries may exceed thirty percent of industrial output Economic theories have mostly portrayed subsidies as distortive inefficiently reallocating resources according to non market criteria However China s state capitalist regime uses subsidies to promote the governments and the Communist Party of China s interests Rather than aberrations subsidies help Chinese businesses and governments produce stabilize and create common understandings of markets the flows of capital reflect struggles between critical Chinese actors including central and provincial governments Concepts of state capitalism including market transition theory the multi organizational Chinese state and state as paramount shareholder create complex and relevant understandings of Chinese subsidies The authors develop independent measures of industrial subsidies using publicly

reported data at firm and industry levels from governmental and private sources Subsidies include free to low cost loans subsidies to energy coal electricity natural gas heavy oil and to key inputs land and technology Four sequential studies identify the growth of subsidies to Chinese manufacturing over time and effects on world industry steel 2000 2007 glass 2004 2008 paper 2002 2009 and auto parts 2001 2011 Subsidies to Chinese industry affect and are affected by business strategy and trade policy Business strategies include lobbying for subsidies and for protection from subsidized foreign competitors and managing supply chains to guard against whiplash effects of uncoordinated subsidies The subsidized solar industry highlights how global business strategies and decisions on production location and technology development respond to production or consumption subsidies and include market competitive and non market political strategies The book also covers government policies and regulation on subsidies broadly focusing on domestic consumption antidumping and countervailing duties and domestic production indigenous innovation

The Hidden Psychology of Social Networks: How Brands Create Authentic Engagement by Understanding What Motivates Us Joe Federer, 2020-09-15 From the former Head of Brand Strategy at Reddit comes a proven and thought provoking approach to the digital economy and how brands can create authentic engagement that is rooted in the fundamental motivations behind human psychology Leading marketing practitioner and thought leader Joe Federer draws on evolutionary biology anthropology neuroanatomy and psychology as well as more than a decade of hands on experience to explain why people act so differently in various online spaces and what they are seeking from participating in each one With a framework based on Freud's Id Ego and Superego model of the human psyche he demonstrates how the internet is a digital reflection of the collective human psyche and how different social networks correspond to different mindsets platforms like Reddit to the unfiltered Id Facebook and Twitter to the managed Ego and Instagram to the ideal Superego In the same way you behave differently when you're home alone out with friends communicating with family or interacting with coworkers people act and express themselves differently in these various online spaces Context matters Understanding this will enable you to develop and execute effective engagement strategies to reach your target audiences on each social network Learn how to create content that drives sharing and word of mouth how brands can fit natively into different types of social channels how to balance branded social presences across different networks why authenticity will only grow in importance to consumers Fascinating and deeply compelling The Hidden Psychology of Social Networks will equip you to make vastly more efficient use of your media buys establish more thoughtful strategies develop better creative and in the end deliver more effective marketing that provides value
