## How To Choose Hybrid Work Schedule Guide For Men:

*Making Morality Work* Holly M. Smith, 2018-04-13 Most of us hope to do what morality requires of us But what if we can't figure out what it does require A soldier may know that morality requires him not to kill an innocent civilian but he can't tell whether the driver of a suspicious car is an innocent civilian or a terrorist about to detonate a bomb Holly M Smith addresses this problem in *Making Morality Work* by asking whether we should reject moral codes that can't be used by anyone hampered by inadequate information When considering questions of morality we call on moral theories to play both a theoretical and a practical role These theories provide accounts of what makes actions right or wrong and also provide a standard by which agents can guide their own conduct It is usually assumed that a single theory can serve both roles but limited knowledge often prevents people from using traditional normative theories to make decisions Smith examines three major strategies for addressing this epistemic problem in morality before developing an innovative solution that overcomes the weaknesses of prior approaches *Making Morality Work* opens a path towards resolving a deep problem in moral life

Barron's Guide to Graduate Business Schools ,1980      Women in the Digital World Anya Schiffrin, Karolina Koc-Michalska, Michelle Ferrier, 2023-04-04 Women's existence in the digital world has been closely studied by scholars and attracted the attention of activists worldwide Women like men early on saw the Internet as a potentially powerful and liberating tool that would help them find groups or communities with similar aims and interests Today there is more awareness of the deleterious effects of unconstrained online speech such as online violence ridicule silencing and threats against women *Women in the Digital World* brings together the latest academic research on women online and includes chapters on political speech gendered online violence dealing with sexual assaults marginalization of women politicians and how women participate or don't via online environments The interdisciplinary research in this volume brings together communications studies gender studies sociology politics and computer science and is essential reading for those seeking to understand a growing field The book should be of interest also for activists and NGOs who seek to deepen their knowledge on the place of females online It was originally published as a special issue of the journal *Information Communication Society*
