## **How To Choose Personal Brand On Instagram For College Students:**

**A Filtered Life** Nicole Taylor, Mimi Nichter, 2021-12-23 A Filtered Life is the first comprehensive ethnographic account to explore how college students create and manage multiple identities on social media Drawing on interviews and digital ethnographic data gleaned from popular social media platforms the authors document and make visible routinized practices that are typically hidden and operating behind the scenes They introduce the concept of digital multiples wherein students strategically present themselves differently across social media platforms This requires both the copious production of content and the calculated development of an instantly recognizable aesthetic or brand Taylor and Nichter examine key contradictions that emerged from student narratives including presenting a self that is both authentic and highly edited appearing upbeat even during emotionally difficult times and exuding body positivity even when frustrated with how you look Students struggled with this series of impossibilities yet they felt compelled to maintain a vibrant online presence With its close up portrayal of the social and embodied experiences of college students A Filtered Life is ideal for students and scholars interested in youth studies digital ethnography communication and new forms of media

**Media, Women, and the Transformation of Sport** Pamela J. Creedon, Laura A. Wackwitz, 2024-12-20 This edited collection provides a singular look at contemporary mediated coverage of women athletes and sports from Title IX to the present day Through personal perspectives contributors provide a valuable overview of common patterns in women's sports media coverage exploring issues of diversity ethnicity and inclusion Chapters examine Title IX discourse NIL brand creation and marketing among female college athletes through platforms such as TikTok Instagram and Twitter X the recent surge in what appears to be empowering gender discourse and contemporary public debates legislative attacks on the participation of trans and nonbinary athletes differential treatment of women's athletic injuries as compared to men's injuries and the role of women working in sports media both on the field and on the sidelines The book includes a review of changes in the media coverage of women in sport offering an overall assessment of the status of women athletes in the half century after Title IX It concludes with an examination of the power of coaching and the imperative to protect athletes from abuses of that power This book will be of interest to students and scholars of media communication journalism and beyond that are examining the topic of women media and sport

Singh, Dr. Mufutau Oluwakemi ORIOLA, Dr. Olatunde Olufemi AJAYI, Debarshi Bhattacharyya, 2024-09-01 Promoting sustainable living across seventeen essential areas throughout the planet has been the agenda that was adopted in 2015 by the United Nations with a deadline of 2030. After nine years into the future, since 2015, most nations still need to gear up to their full potential to fulfill the targeted development. Although the United Nations has been publishing its annual SGD progress reports since 2016 along with a list of portals where the parameters can be measured for individual nations for each one of the seventeen goals, the perspective of researchers and practitioners provides a unique perspective on the progression. Despite the rigorous attempts from the United Nations regulatory authorities and government initiatives, the gap remains, and the fulfillment of the targets for all seventeen goals till the end of 2023 remains uncertain. The book *Sustainable Development Goals: A Handbook Based on Media Perspective* offers a collection of concepts and perspectives on areas like effective administration, media advocacy, digital literacy, responsible usage, integrating inventory management, greening efforts, digital citizenship, revival of tribal culture, green products, sustainable urbanization, pastors as social media influencers for sustainable development, agrarian sustainability programs, sustainability influencers, social media activism, women's health representation, empowerment, sustainability in films and entertainment, sustainable living, mindful consumption, climate advocacy, public awareness, waste management, sustainable communication, green practices, environment friendly technology, multiculturalism, environmental communication, democratic governance, health communication, and many more. Collectively, the chapters would help in understanding the different perspectives of sustainability through the lens of media and communication. *Engaging the Digital Generation* Edmund T. Cabellon, Josie Ahlquist, 2016-09-26 Take an in depth look at technology trends and the practices, possibilities, and direction needed to integrate a technology open mindset into the work of a student affairs educator. This volume explores ways practitioners can engage the digital generation of students and colleagues on their campuses and beyond. Topics covered include Student affairs administrators' use of digital technology and how to develop and utilize their digital identities, increasing digital fluency and creating a more intentional digital mindset among senior student affairs officers, college student development in digitized spaces and the application of digital data in student engagement efforts, the development of guiding documents to inform digital and social strategies. This is the 155th volume of this Jossey Bass higher education quarterly series. An indispensable resource for vice presidents of student affairs, deans of students, student counselors, and other student services professionals. *New Directions for Student Services* offers guidelines and programs for aiding students in their total development: emotional, social, physical, and intellectual. **Money Making Skills for Teens** Dennis B.
