Prompt Journal for Hot Mess Moms | Colored Pencil Coloring Pages, Self Reflective Writing Prompts, Sprinkled with Cussing and Sass Rowan Snow, 2021-11-12 First you have to drive here and there and everywhere make dinner do laundry and clean the cat box or walk the dog Emails unanswered paperwork to gather and appointments to make Moms today have the hardest yet most underappreciated job ever We are raising little people And let's face it Humans are little tyrants as children and sometimes as adults too Life is hard People problems partner problems kiddo problems work problems we all have problems and it's important to take a break on occasion because although life is hard life is good Choose this prompted journal and you will receive pages with questions and coloring pages to chill There are cute quotes and sassy sentiments and deep thought provoking self-reflective questions Check it out Journaling in general is a super tool for mental health because writing is thinking We can clarify our thoughts when we see them outside of our heads Here are some of the other benefits you will receive when you journal Writing leaves a trail of your thinking or reflections for you to return to Journaling can help you get over addictions whatever they may be Writing your emotions down before reacting or Writing what foods you eat Tracking how many times you smoked Measure whatever habits you are trying to break You can use the journal to track your successes too Journaling is the cheapest form of therapy Use your journal to let go of feelings It can be a healthy way of

venting so you don't challenge your friends with so many deep and challenging feelings. It can help to clarify thoughts and feelings before going to those friends for support. Use your journal as a personal wellness program. Allow yourself to let go of the day's stresses. Begin by writing whatever thoughts come first and then write how you feel. Not just about the thought but how you feel about thoughts and feelings. Go from there writing everything that comes into your mind in order to let it go. If you already keep a journal, it may be that you have already kept a journal. I am one of those people who can never have enough journals for all the various purposes. I use them for I often use journals to track previous experiences. From personal experience, I have found this helps over time to know what kinds of things you should record. You can always change the focus or modify it to include more of your impressions you may want to keep more than one journal. One can be more like a daybook to record medications and symptoms or the other could be like a diary of feelings or another can be a record of all you want to say to someone before you finally let them go emotionally in order to move on from there. There are no rules for journaling. It's all about you and what you want. Thank you for your interest, Plebeian People.
