Blogging for Beginners Salvador Briggman, 2018-01-26. It was literally insane. I was 24 years old and I felt like I was rich. I could go anywhere at any time and had no one to answer to. At a moment's notice, I could book a trip to Brazil, Spain, South Africa, or France. What's more, I'd make money while I was traveling. The catch was I wasn't rich. Nowhere close. Don't get me wrong, I was making good money. I was living in New York City. I could afford to party, eat out, and even save money. But my time wasn't tied to my money. I was making money in my sleep and not even trying. Sounds like the story behind some kind of scam, right? I thought so too. I never bought into book titles like *The Four Hour Work Week*, *Rich Dad Poor Dad*, or *Think and Grow Rich*. When I talked about my job with relatives and family members, they'd raise their eyebrows in surprise. They'd look at me doubtfully and say, "And you can make money at that?" Of course, I could. After all, so many people online were making a killing. People couldn't comprehend the fact that I was able to set up a blog so easily and rake in cash even when I was sleeping. I had to be lying or doing something illegal. Otherwise, everyone would be doing it. This book is going to show you exactly how to start your own blog and turn it into a full-time cash-generating machine. I'm going to give you the keys to the kingdom, which will unlock this entirely new career that you never thought possible.

Blogging For Dummies Susannah Gardner, Shane Birley, 2008-01-10. Everybody's doing it. And while that logic never got far with your mother, it's a fine reason to start blogging, especially if you have a business to build or a cause to promote. Well-run blogs do more than offer an outlet for your thoughts. They've actually influenced everything from a company's image to the outcome of a local election. Because the blogosphere is pretty crowded, it's a good idea to find out a bit about the anatomy of a blog, what makes a good one, and what it takes to keep one going before you dive right in and start sharing with the world. *Blogging For Dummies* 2nd Edition gives you all the basics so you can get a good start. And if you've been around the blog a few times and want to advance to the next level, *Blogging For Dummies* 2nd Edition even takes a look at podcasting and videoblogging. You'll find out how to make your blog stand out in a crowd, build an audience, and even make
